NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
To Be Held April 28, 2005

Dear Stockholders:

You are cordially invited to attend our 2005 Annual Meeting of Stockholders to be held on April 28, 2005 at 3:00 p.m. at Adobe’s headquarters located at 321 Park Avenue, San Jose, California 95110 in the East Tower. We are holding the meeting to:

1. Elect four Class II members of the Board of Directors to serve for a two-year term;
2. Approve an amendment to the 2003 Equity Incentive Plan increasing the share reserve thereunder by 8,000,000 shares;
3. Approve an amendment to the 1996 Outside Directors’ Stock Option Plan increasing the share reserve thereunder by 400,000 shares;
4. Consider and vote on two separate stockholder proposals, each as described in the attached proxy statement;
5. Ratify the appointment of KPMG LLP as our independent registered public accounting firm for our fiscal year ending on December 2, 2005; and
6. Transact any other business that may properly come before the meeting.

If you owned Adobe common stock at the close of business on Tuesday, March 1, 2005, you may attend and vote at the meeting. If you cannot attend the meeting, you may vote by telephone or by using the Internet as instructed on the enclosed proxy card or by mailing the proxy card in the enclosed postage-paid envelope. Any stockholder attending the meeting may vote in person, even if you have already returned a proxy card. A list of stockholders eligible to vote at the meeting will be available for review during our regular business hours at our headquarters in San Jose for the ten days prior to the meeting for any purpose related to the meeting.

We look forward to seeing you at the meeting.

Sincerely,

Karen O. Cottle
Senior Vice President, General Counsel & Secretary

March 14, 2005
San Jose, California

As promptly as possible, please vote by telephone or by using the Internet as instructed on the enclosed proxy card or complete, sign and date the proxy card and return it in the enclosed postage-paid envelope.

Our Board of Directors is soliciting proxies for the Annual Meeting of Stockholders to be held April 28, 2005. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

Voting materials, which include the proxy statement, proxy card and 2004 Annual Report to Stockholders, will be mailed to stockholders on or about March 14, 2005. Our principal executive offices are located at 345 Park Avenue, San Jose, California 95110. Our telephone number is (408) 536-6000.

Adobe will bear the expense of soliciting proxies. In addition to these mailed proxy materials, our directors and employees (who will receive no compensation in addition to their regular salaries) may also solicit proxies in person, by telephone, or by other means of communication. We have also hired Innisfree M&A, Incorporated to help us solicit proxies from brokers, bank nominees and other institutional owners. We expect to pay Innisfree a fee of $7,500 for its services and will reimburse Innisfree for reasonable out-of-pocket expenses, estimated at about $15,000. We will reimburse banks, brokers and other custodians, nominees and fiduciaries for reasonable charges and expenses incurred in forwarding soliciting materials to their clients.

Questions and Answers

Q: Who may vote at the meeting?
A: The Board set March 1, 2005, as the record date for the meeting. If you owned our common stock at the close of business on March 1, 2005 you may attend and vote at the meeting. Each stockholder is entitled to one vote for each share of common stock held on all matters to be voted on. On March 1, 2005, 243,331,623 shares of our common stock were outstanding.

Q: What is the quorum requirement for the meeting?
A: A majority of Adobe’s outstanding shares as of the record date must be present at the meeting in order to hold the meeting and conduct business. This is called a quorum.

Shares are counted as present at the meeting if you:

• are present and entitled to vote in person at the meeting; or
• have properly submitted a proxy card or voted by telephone or by using the Internet.

If you abstain from voting on any or all proposals, your shares are still counted as present and entitled to vote.

Each proposal identifies the votes needed to approve or ratify the proposed action.
Q: **What proposals will be voted on at the meeting?**

A: There are four Board proposals and two stockholder proposals scheduled to be voted on at the meeting:

- Election of the four Class II members of the Board of Directors
- Increase in the share reserve under the 2003 Equity Incentive Plan
- Increase in the share reserve under the 1996 Outside Directors’ Stock Option Plan
- Stockholder proposal as described in this proxy statement
- Stockholder proposal as described in this proxy statement
- Ratification of KPMG LLP as Adobe’s independent registered public accounting firm

We will also consider other business that properly comes before the meeting.

Q: **How may I vote my shares in person at the meeting?**

A: If your shares are registered directly in your name with our transfer agent, Computershare Investor Services LLC, you are considered, with respect to those shares, the shareowner of record, and the proxy materials and proxy card are being sent directly to you by Adobe. As the shareowner of record, you have the right to vote in person at the meeting. If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you are also invited to attend the annual meeting. Since a beneficial owner is not the shareowner of record, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting.

Q: **How can I vote my shares without attending the meeting?**

A: Whether you hold shares directly as a registered shareowner of record or beneficially in street name, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your stockbroker or nominee. In most cases, you will be able to do this by telephone, by using the Internet or by mail. Please refer to the summary instructions included with your proxy materials and on your proxy card. For shares held in street name, the voting instruction card will be included by your stockbroker or nominee.

**BY TELEPHONE OR THE INTERNET** - If you have telephone or Internet access, you may submit your proxy by following the instructions with your proxy materials and on your proxy card.

**BY MAIL** - You may submit your proxy by mail by signing your proxy card or, for shares held in street name, by following the voting instruction card included by your stockbroker or nominee and mailing it in the enclosed, postage-paid envelope. If you provide specific voting instructions, your shares will be voted as you have instructed.

Q: **How can I change my vote after I return my proxy card?**

A: You may revoke your proxy and change your vote at any time before the final vote at the meeting. You may do this by signing and submitting a new proxy card with a later date, voting by telephone or by using the Internet (your latest telephone or Internet proxy is counted) or by attending the meeting and voting in person. Attending the meeting will not revoke your proxy unless you specifically request it.

Q: **Where can I find the voting results of the meeting?**

A: The preliminary voting results will be announced at the meeting. The final results will be published in our quarterly report on Form 10-Q for the second quarter of fiscal 2005.
PROPOSAL 1
ELECTION OF DIRECTORS

General

We currently have nine members on our Board of Directors, which is divided into two classes (Class I and Class II) with alternating two-year terms. Proxy holders will vote for the four Class II nominees listed below to serve a two-year term ending in 2007. The accompanying proxy will be voted for the nominees to serve as directors unless you indicate to the contrary on the proxy card. The four Class II nominees receiving the most votes will be elected. Abstentions have no effect on the vote. The members of the Board who are Class I Directors will be up for election in 2006.

Each of the nominees listed below is currently a director of Adobe who was previously elected by the stockholders. If any nominee is unable or declines to serve as a director, the current Board may designate another nominee to fill the vacancy and the proxy will be voted for that nominee. The term of each person elected as a Class II Director will continue until the Annual Meeting of Stockholders to be held in 2007 and until his or her successor has been elected and qualified, or until the director’s death, resignation or removal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR ALL” NOMINEES

The following tables set forth the name and age of each nominee and each director of Adobe whose term of office continues after the meeting, the principal occupation of each during the past five years, and the year each began serving as a director of Adobe:

From September 1992 until November 1994, he served as President and Chief Operating Officer and a director of Tektronix, Inc., a provider of test, measurement and monitoring solutions for mobile network operators and equipment manufacturers. Mr. Yocam is also a director of several privately-held technology companies. He holds an M.B.A. from California State University, Long Beach, and a B.A. in Business Administration from California State University, Fullerton.

Independence of Directors

As required under The Nasdaq Stock Market ("Nasdaq") listing standards, a majority of the members of a listed company’s Board must qualify as “independent,” as affirmatively determined by the Board. The Board consults with our legal counsel to ensure that the Board’s determinations are
consistent with all relevant securities and other laws and regulations regarding the definition of
"independent," including those set forth in pertinent listing standards of the Nasdaq.

Consistent with these considerations, after review of all relevant transactions or relationships
between each director, or any of his or her family members, and Adobe, our senior management and
our independent registered public accounting firm, the Board affirmatively has determined that the
majority of our Board is comprised of independent directors. Our independent directors include:
Ms. Mills, Mr. Cannon, Mr. Daley, Dr. Geschke, Dr. Sedgewick, Dr. Warnock and Mr. Yocam.

Meetings of the Board and Committees

The Board held 11 meetings and its four standing Committees collectively held a total of 35
meetings in fiscal 2004. Of the meetings held during the fiscal year, each director attended at least 75%
of the meetings of the Board and Committees on which such director serves. The Board has an Audit
Committee, Executive Compensation Committee, Investment Committee and Nominating and
Governance Committee. We encourage members of the Board to attend our annual meetings. Eight of
our Board members attended last year’s meeting.

The following table sets forth the four standing Committees of the Board, the members of each
Committee during fiscal 2004 and the number of meetings held by the Board and the Committees:

(1) Denotes chairperson of respective Committee.
(2) Mr. Cannon joined the Nominating and Governance Committee in September 2004.

The Audit Committee’s role includes the oversight of our financial, accounting and reporting
processes, our system of internal accounting and financial controls and our compliance with related
legal and regulatory requirements, the appointment, engagement, termination and oversight of our
independent registered public accounting firm, including conducting a review of their independence,
reviewing and approving the planned scope of our annual audit, overseeing the independent registered
public accounting firm’s audit work, reviewing and pre-approving any audit and non-audit services that
may be performed by them, reviewing with management and our independent registered public
accounting firm the adequacy of our internal financial controls, reviewing our critical accounting
policies and the application of accounting principles, monitoring the rotation of partners of the
independent registered public accounting firm on our audit engagement team as required by law,
establishing procedures, as required under applicable law, for the receipt, retention and treatment of
complaints received by us regarding accounting, internal accounting controls or auditing matters and
the confidential and anonymous submission by employees of concerns regarding questionable
accounting or auditing matters, and meeting to review Adobe’s annual audited financial statements and
quarterly financial statements with management and the independent registered public accounting firm. See “Report of the Audit Committee” contained in this proxy statement. Each member of the Audit Committee meets the independence criteria prescribed by applicable law and the rules of the Securities and Exchange Commission (the “SEC”) for audit committee membership and is an “independent director” within the meaning of applicable Nasdaq listing standards. Each Audit Committee member meets the Nasdaq’s financial knowledge requirements, and the Board of Directors has further determined that Mr. Daley (i) is an “audit committee financial expert” as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC and (ii) also meets the Nasdaq’s professional experience requirements. The Audit Committee operates pursuant to a written charter, which complies with the applicable provisions of the Sarbanes-Oxley Act of 2002 and related rules of the SEC and Nasdaq. A copy of the Audit Committee charter can be found on our website at www.adobe.com/aboutadobe/invrelations/corpgovern.html.

The Executive Compensation Committee sets and administers the policies governing the annual compensation of executive officers, including cash compensation and equity incentive programs, and reviews and establishes annually the compensation of the Chief Executive Officer. See “Report of the Executive Compensation Committee” contained in this proxy statement. The Executive Compensation Committee also reviews and approves equity-based compensation grants to our non-officer employees and consultants, other than stock option grants to our non-officer employees, which are approved by a Management Committee currently consisting of our Chief Executive Officer and Senior Vice President, Human Resources. The members of the Executive Compensation Committee are all independent directors within the meaning of applicable Nasdaq listing standards. The Executive Compensation Committee acts pursuant to a written charter, a copy of which can be found on our website at www.adobe.com/aboutadobe/invrelations/corpgovern.html.

The Investment Committee evaluates the advisability of Adobe’s investing in outside-managed venture capital funds and direct investments by Adobe, focusing on startup companies in businesses strategically related to our markets and technology. The Investment Committee monitors the performance of our direct (non-partnership) investments and performs any tasks required in our role as a limited partner in our Adobe Ventures venture capital limited partnerships, which invest in early stage companies with innovative technologies.

The Nominating and Governance Committee’s primary purpose is to evaluate candidates for membership on the Board and make recommendations to the Board regarding candidates, make recommendations with respect to the composition of the Board and the Committees thereof, review and make recommendations regarding the functioning of the Board as an entity, recommend corporate governance principles applicable to Adobe and assist the Board in its reviews of the performance of the Board and each Committee. The Nominating and Governance Committee also reviews and approves all related-party transactions between Adobe and our executive officers and directors and reviews and evaluates our succession planning for senior management. The members of the Nominating and Governance Committee are all independent directors within the meaning of applicable Nasdaq listing standards. The Nominating and Governance Committee operates pursuant to a written charter, a copy of which can be found on our website at www.adobe.com/aboutadobe/invrelations/corpgovern.html.

In carrying out its function to nominate candidates for election to the Board, the Nominating and Governance Committee consider the mix of skills, experience, character, commitment, and diversity of background, all in the context of the requirements of the Board at that point in time. The Nominating and Governance Committee believes that each candidate should be an individual who has demonstrated integrity and ethics in such candidate’s personal and professional life, have an understanding of elements relevant to the success of a publicly-traded company and have established a record of professional accomplishment in such candidate’s chosen field. Each candidate should be prepared to participate fully in Board activities, including attendance at, and active participation in, meetings of the Board, and not have other personal or professional commitments that would, in the
Nominating and Governance Committee’s judgment, interfere with or limit such candidate’s ability to do so. Each candidate should also be prepared to represent the best interests of all of Adobe’s stockholders and not just one particular constituency. Additionally, in determining whether to recommend a director for re-election, the Nominating and Governance Committee also considers the director’s past attendance at Board and Committee meetings and participation in and contributions to the activities of the Board. The Nominating and Governance Committee has no stated specific, minimum qualifications that must be met by a candidate for a position on our Board. The Nominating and Governance Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an “audit committee financial expert” as defined by SEC rules, and that a majority of the members of the Board meet the definition of “independent director” within the meaning of applicable Nasdaq listing standards.

The Nominating and Governance Committee’s methods for identifying candidates for election to the Board include the solicitation of ideas for possible candidates from a number of sources—members of the Board; our executives; individuals personally known to the members of the Board; and other research, including database and Internet searches. The Nominating and Governance Committee may also from time to time retain for a fee one or more third-party search firms to identify suitable candidates.

Any Adobe stockholder may nominate one or more persons for election as a director of Adobe at an annual meeting of stockholders if the stockholder complies with the notice, information and consent provisions contained in our Amended and Restated Bylaws. In addition, the notice must include any other information required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended. In order for the director nomination to be timely, a stockholder’s notice to Adobe’s Secretary must be delivered to our principal executive offices not later than November 14, 2005. Our Amended and Restated Bylaws specify additional requirements if stockholders wish to nominate directors at special meetings of stockholders.

The Nominating and Governance Committee will consider all candidates identified through the processes described above, and will evaluate each of them, including incumbents, based on the same criteria.

Communications with the Board of Directors

Any stockholder who desires to contact our Board or specific members of our Board may do so electronically by sending an email to the following address: directors@adobe.com. Alternatively, a stockholder can contact our Board or specific members of our Board by writing to: Stockholder Communications, Adobe Systems Incorporated, 345 Park Avenue, San Jose, California 95110-2704 USA.

PROPOSAL 2
APPROVAL OF
INCREASE IN THE SHARE RESERVE UNDER THE 2003 EQUITY INCENTIVE PLAN

The Board of Directors approved the adoption of our 2003 Equity Incentive Plan (the “2003 Plan”) in January 2003 and our stockholders approved such adoption in April 2003. The Board subsequently amended the 2003 Plan in December 2003 increasing the 2003 Plan’s share reserve and the stockholders approved such amendment in April 2004.

As of March 1, 2005, an aggregate of 7,722,644 shares of our common stock remained available for future grants under the 2003 Plan. The Board believes it important to the continued success of Adobe that we have available an adequate reserve of shares under the 2003 Plan for use in attracting, motivating and retaining qualified employees.
On February 28, 2005, subject to stockholder approval, the Board increased by 8,000,000 the number of shares we are authorized to issue under the 2003 Plan. We intend to register the 8,000,000 share increase on a Registration Statement on Form S-8 under the Securities Act of 1933 as soon as is practicable after receiving stockholder approval.

**Vote Required and Board Recommendation**

Approval of the amendment to the 2003 Plan requires the affirmative vote of holders of a majority of the shares present or represented by proxy and entitled to vote at the meeting. Abstentions will have the same effect as a negative vote. Broker non-votes will have no effect on the outcome of this proposal.

**THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THIS PROPOSAL**

**Summary of 2003 Equity Incentive Plan Terms**

The following summary of the 2003 Plan is qualified in its entirety by the specific language of the 2003 Plan, a copy of which will be made available to you upon request.

*General.* The purpose of the 2003 Plan is to provide an incentive program that enables us to attract and retain employees and consultants upon whose judgment, interest and contributions we depend on for our success and to provide them with an equity interest in our success in order to motivate superior performance. We may provide these incentives through the grant of stock options, stock appreciation rights, stock purchase rights, stock bonuses, performance shares and performance units.

*Shares Subject to Plan.* If the stockholders approve this proposal to authorize an additional 8,000,000 shares for issuance under the 2003 Plan, the cumulative aggregate share authorization under our 2003 Plan will increase to 73,737,310 shares (the “Share Reserve”). However, the Share Reserve is reduced at any time by (i) the number of shares remaining subject to options outstanding under the 2003 Plan as well as our terminated 1994 Stock Option Plan and 1999 Equity Incentive Plan and (ii) the number of shares actually issued under the 2003 Plan and our terminated plans. Including the proposed 8,000,000 share increase, as of March 1, 2005 a total of 15,722,644 shares would be available for issuance under the 2003 Plan.

The terms of the 2003 Plan restrict to 1,000,000 the maximum number of shares of stock that may be issued in the form of stock purchase rights, stock bonuses, performance shares or performance units. If any award granted under the 2003 Plan expires, lapses or otherwise terminates for any reason without having been exercised or settled in full, or if shares subject to forfeiture or repurchase are forfeited or repurchased by Adobe for the participant’s purchase price to effect a forfeiture of unvested shares upon termination of service, any such shares subject to a terminated or reacquired award will again become available for issuance under the 2003 Plan. Shares will not be treated as having been issued under the 2003 Plan and will therefore not reduce the number of shares available for grant to the extent an award (other than a stock appreciation right that may be settled in shares or cash) is settled in cash. The number of shares available for grant under the 2003 Plan will be reduced by the gross number of shares for which a stock appreciation right is exercised and settled in stock. Shares withheld in satisfaction of tax withholding obligations or tendered in payment of the exercise price of an option will not become available for issuance under the 2003 Plan. Appropriate adjustments will be made to the Share Reserve, to the other numerical limits on awards described in this proposal and to outstanding awards in the event of any change in our common stock through merger, consolidation, reorganization, reincorporation, recapitalization, reclassification, stock dividend, stock split, reverse stock split, split-up, split-off, spin-off, combination of shares, exchange of shares or similar change in our capital structure, or if we make a distribution to you in a form other than common stock (excluding normal cash dividends) that has a material effect on the fair market value of our common stock.
Administration. The 2003 Plan is administered by the Board and two committees appointed by the Board to administer the plan, specifically the Executive Compensation Committee and the Management Committee. The Management Committee, currently consisting of our Chief Executive Officer and Senior Vice President, Human Resources, is authorized by the Board to grant stock options to eligible participants who are not executive officers or consultants. All other awards to these participants will be granted by the Executive Compensation Committee. With respect to eligible participants who are executive officers or consultants, the 2003 Plan will be administered by the Executive Compensation Committee, which consists of at least two directors, each of whom is both a “non-employee director” within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 and an “outside director” for purposes of Section 162(m) of the Internal Revenue Code of 1986 (the “Code”). For purposes of this summary, the term “Committee” will refer to either such duly appointed committee or the Board. Subject to the provisions of the 2003 Plan, the Committee determines in its discretion the persons to whom and the times at which awards are granted, the types and sizes of such awards, and all of their terms and conditions. The Committee may, subject to certain limitations required by Section 162(m) and the express language in the 2003 Plan that prohibits repricing, amend, extend, cancel or renew any award, waive any restrictions or conditions applicable to any award, and accelerate, continue, extend or defer the vesting of any award. The 2003 Plan provides, subject to certain limitations, for indemnification by Adobe of any director, officer or employee against all reasonable expenses, including attorneys’ fees, incurred in connection with any legal action arising from such person’s action or failure to act in administering the 2003 Plan. The Committee may establish rules and policies for administration of the 2003 Plan and adopt one or more forms of agreement to evidence awards made under the 2003 Plan. The Committee interprets the 2003 Plan and any agreement used under the 2003 Plan, and all determinations of the Committee will be final and binding on all persons having an interest in the 2003 Plan or any award issued under the 2003 Plan.

Prohibition of Option Repricing. The 2003 Plan expressly provides that, without the approval of a majority of the votes cast in person or by proxy at a meeting of our stockholders, the Committee may not provide for either the cancellation of outstanding options in exchange for the grant of new options at a lower exercise price or the amendment of outstanding options to reduce the exercise price.

Eligibility. Under the 2003 Plan, we may grant awards to employees (including officers) and consultants of the Company or any present or future parent or subsidiary corporation or other affiliated entity of the Company. While we may grant incentive stock options only to employees, we may grant nonstatutory stock options, stock appreciation rights, stock awards and performance awards to any eligible participant. As of March 1, 2005, we had a total of 3,995 employees, including 11 executive officers, who are eligible to participate in the 2003 Plan.

Stock Options. The Committee may grant nonstatutory stock options, incentive stock options within the meaning of Section 422 of the Code, or any combination of these. Subject to appropriate adjustment in the event of any change in our capital structure, we may not grant to any one employee in any fiscal year options which, together with Freestanding SARs (as defined below), cover in the aggregate more than 2,000,000 shares.

Each option granted under the 2003 Plan must be evidenced by an option agreement, specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the 2003 Plan. The exercise price of each option may not be less than the fair market value of a share of our common stock on the date of grant. However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of our stock or of any parent or subsidiary corporation (a “Ten Percent Stockholder”) must have an exercise price equal to at least 110% of the fair market value of a share of our common stock on the date of grant. On March 1, 2005, the closing price of our common stock on the Nasdaq National Market was $62.34 per share.
The 2003 Plan provides that the option exercise price may be paid in cash, by check, or in cash equivalent; by means of a broker-assisted cashless exercise; to the extent legally permitted, by tender of shares of common stock owned by the optionee having a fair market value not less than the exercise price; by such other lawful consideration as approved by the Committee, or by any combination of these. Nevertheless, the Committee may restrict the forms of payment permitted in connection with any option grant. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option, including, if permitted or required by us, through the optionee’s surrender of a portion of the option shares to the Company.

Options become vested and exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the Committee. The maximum term of any option granted under the 2003 Plan is eight years, provided that an incentive stock option granted to a Ten Percent Stockholder must have a term not exceeding five years. Subject to the term of the option, an option generally will remain exercisable for three months following the optionee’s termination of service, except that if service terminates as a result of the optionee’s death or disability, the option generally will remain exercisable for twelve months, or if service is terminated for cause, the option will terminate immediately. The Committee, in its discretion, may provide longer post-termination exercise periods, but in any event the option must be exercised no later than its expiration date. Options granted under the 2003 Plan generally provide that vesting will be accelerated by 12 months upon a participant’s termination of service under an early retirement program, disability or death.

Incentive stock options are nontransferable by the optionee other than by will or by the laws of descent and distribution, and are exercisable during the optionee’s lifetime only by the optionee. Nonstatutory stock options granted under the 2003 Plan may be assigned or transferred to the extent permitted by the Committee and set forth in the option agreement.

Stock Appreciation Rights. The committee may grant stock appreciation rights either in tandem with a related option (a “Tandem SAR”) or independently of any option (a “Freestanding SAR”). A Tandem SAR requires the option holder to elect between the exercise of the underlying option for shares of common stock or the surrender of the option and the exercise of the related stock appreciation right. A Tandem SAR is exercisable only at the time and only to the extent that the related stock option is exercisable, while a Freestanding SAR is exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the Committee. The exercise price of each stock appreciation right may not be less than the fair market value of a share of our common stock on the date of grant. Subject to appropriate adjustment in the event of any change in our capital structure, we may not grant to any one employee in any fiscal year Freestanding SARs which, together with options, cover in the aggregate more than 2,000,000 shares.

Upon the exercise of any stock appreciation right, the participant is entitled to receive an amount equal to the excess of the fair market value of the underlying shares of common stock as to which the right is exercised over the aggregate exercise price for such shares. At the Committee’s discretion, we may make payment of this stock price appreciation in cash or in shares of common stock whose fair market value on the exercise date equals the payment amount. We may make payment in a lump sum or we may defer payment in accordance with the terms of the participant’s award agreement. The maximum term of any stock appreciation right granted under the 2003 Plan is eight years.

Stock Awards. Stock awards may be granted under the 2003 Plan in the form of either a stock bonus or a stock purchase right. The purchase price for shares issuable under each stock purchase right will be established by the Committee in its discretion and may be paid in cash, by check, in cash equivalent or by such other lawful consideration as approved by the Committee. No monetary payment is required for receipt of shares pursuant to a stock bonus, the consideration for which is services rendered by the participant, except that the participant must furnish consideration in the form of cash
or past services rendered having a value not less than the par value of the shares acquired. Stock awards may be granted by the Committee subject to such restrictions for such periods as determined by the Committee and set forth in a written agreement between the Company and the participant, and the shares acquired pursuant to the award may not be sold or otherwise transferred or pledged until the restrictions lapse or are terminated. Restrictions may lapse in full or in installments on the basis of the participant’s continued service or other factors, such as the attainment of performance goals (see discussion under “Performance Awards” below) established by the Committee. Unless otherwise provided by the Committee, a participant will forfeit any shares acquired under a stock award as to which the restrictions have not lapsed prior to the participant’s termination of service. Participants holding restricted stock will have the right to vote the shares and to receive all dividends and other distributions, except that any dividends or other distributions in shares will be subject to the same restrictions on transferability as the original award. Subject to appropriate adjustment in the event of any change in our capital structure, we may not grant to any one employee in any fiscal year stock awards for more than 100,000 shares subject to restrictions based on the attainment of performance goals.

**Performance Awards.** The Committee may grant performance awards subject to such conditions and the attainment of such performance goals over such periods as the Committee determines in writing and sets forth in a written agreement between the Company and the participant. These awards may be designated as performance shares or performance units. Performance shares and performance units are unfunded bookkeeping entries generally having initial values, respectively, equal to the fair market value determined on the grant date of a share of common stock and $100 per unit. Performance awards will specify a predetermined amount of performance shares or performance units that may be earned by the participant to the extent that one or more predetermined performance goals are attained within a predetermined performance period. We may settle performance awards to the extent earned in cash, shares of our common stock (including shares of restricted stock) or any combination thereof. Subject to appropriate adjustment in the event of any change in our capital structure, for each fiscal year within the applicable performance period, we may not grant performance shares to any one employee that could result in the employee receiving more than 100,000 shares of common stock or performance units to any one employee that could result in the employee receiving more than $2,500,000. A participant may receive only one performance award with respect to any performance period.

Prior to the beginning of the applicable performance period or such later date as permitted under Section 162(m) of the Code, the Committee will establish one or more performance goals applicable to each award. These goals will be based on the attainment of specified levels with respect to one or more measures of our business or financial performance and of each parent and subsidiary corporation consolidated with our results for financial reporting purposes, or such division or business unit of ours as may be selected by the Committee. The Committee, in its discretion, may base performance goals on one or more of the following measures: growth in revenue, growth in market price of our common stock, operating margin, gross margin, operating income, pre-tax profit, earnings before interest, taxes and depreciation, net income, total return on shares of our common stock relative to the increase in an appropriate index selected by the Committee, earnings per share, return on stockholder equity, return on net assets, expenses, return on capital, economic value added, market share, or cash flow, as indicated by book earnings before interest, taxes, depreciation and amortization. The target levels with respect to these performance measures may be expressed on an absolute basis or relative to a standard specified by the Committee. The degree of attainment of performance measures will, according to criteria established by the Committee, be computed before the effect of changes in accounting standards, restructuring charges and similar extraordinary items occurring after the establishment of the performance goals applicable to a performance award.
Following completion of the applicable performance period, the Committee will certify in writing the extent to which the applicable performance goals have been attained and the resulting value to be paid to the participant. The Committee retains the discretion to eliminate or reduce, but not increase, the amount that would otherwise be payable on the basis of the performance goals attained to a participant who is a “covered employee” within the meaning of Section 162(m) of the Code. However, no such reduction may increase the amount paid to any other participant. The Committee may make positive or negative adjustments to performance award payments to participants other than covered employees to reflect the participant’s individual job performance or other factors determined by the Committee. In its discretion, the Committee may provide for the payment to a participant awarded performance shares of dividend equivalents with respect to cash dividends paid on our common stock. The Committee may provide for performance award payments in lump sums or installments. If any payment is to be made on a deferred basis, the Committee may provide for the payment of dividend equivalents or interest during the deferral period. No performance award may be sold or transferred other than by will or the laws of descent and distribution prior to the end of the applicable performance period.

Change in Control. The Plan defines a “Change in Control” of the Company as any of the following events (or series of related events) in which the stockholders of the Company immediately prior to the event do not retain immediately after the event direct or indirect beneficial ownership of more than 50% of the total combined voting power of the outstanding voting securities of the Company or the entity to which the assets of the Company were transferred: (i) the direct or indirect sale or exchange by the stockholders of all or substantially all of the voting stock of the Company; (ii) a merger or consolidation in which the Company is a party; (iii) the sale, exchange, or transfer of all or substantially all of the assets of the Company; or (iv) a liquidation or dissolution of the Company. If a Change in Control occurs, the surviving, continuing, successor or purchasing entity or its parent may, without the consent of any participant, either assume all outstanding options and stock appreciation rights or substitute substantially equivalent options or rights for its stock. If the outstanding options and stock appreciation rights are not assumed or replaced, then all unexercised and unvested portions of such outstanding awards will become immediately exercisable and vested in full. Any stock options or stock appreciation rights which are not assumed in connection with a Change in Control or exercised prior to the Change in Control will terminate effective as of the time of the Change in Control. Options granted under the 2003 Plan generally provide that vesting will be accelerated by 12 months if, within 12 months following a Change in Control, the participant’s service is involuntarily terminated without cause or constructively terminated. In addition, the Committee may provide in any stock award agreement for the acceleration of vesting of the award effective as of the date of the Change in Control and in any performance award agreement for payment of the award to such extent as determined by the Committee.

Termination or Amendment. The 2003 Plan will continue in effect until the first to occur of (i) its termination by the Committee or (ii) the date on which all shares available for issuance under the 2003 Plan have been issued and all restrictions on such shares under the terms of the 2003 Plan and the agreements evidencing awards granted under the 2003 Plan have lapsed. However, no incentive stock option may be granted under the 2003 Plan after January 22, 2013. The Committee may terminate or amend the 2003 Plan at any time, provided that without stockholder approval the plan cannot be amended to increase the Share Reserve, change the class of persons eligible to receive incentive stock options or effect any other change that would require stockholder approval under any applicable law. No termination or amendment may affect any outstanding award unless expressly provided by the Committee, and, in any event, may not adversely affect an outstanding award without the consent of the participant unless necessary to comply with any applicable law.
Summary of Federal Income Tax Consequences of the 2003 Equity Incentive Plan

The following summary is intended only as a general guide to the U.S. federal income tax consequences under current law of participation in the 2003 Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances. Furthermore, the tax consequences are complex and subject to change, and a taxpayer’s particular situation may be such that some variation of the described rules is applicable.

Incentive Stock Options. A participant recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Participants who neither dispose of their shares within two years following the date the option was granted nor within one year following the exercise of the option will normally recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the shares. If a participant satisfies such holding periods upon a sale of the shares, we will not be entitled to any deduction for federal income tax purposes. If a participant disposes of shares within two years after the date of grant or within one year after the date of exercise (a “disqualifying disposition”), the difference between the fair market value of the shares on the date of option exercise and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the participant upon the disqualifying disposition of the shares generally should be deductible by us for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the shares on the exercise date of an incentive stock option is treated as an adjustment in computing the participant’s alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the regular tax for the year. Special rules may apply with respect to certain subsequent sales of the shares in a disqualifying disposition, certain basis adjustments for purposes of computing the alternative minimum taxable income on a subsequent sale of the shares and certain tax credits which may arise with respect to participants subject to the alternative minimum tax.

Nonstatutory Stock Options. Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special tax status. A participant generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the participant normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares purchased. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss. No tax deduction is available to Adobe with respect to the grant of the option or the sale of stock acquired upon exercise of the option. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Stock Appreciation Rights. A participant recognizes no taxable income upon the receipt of a stock appreciation right. Upon the exercise of a stock appreciation right, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the underlying shares of common stock on the exercise date over the exercise price. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant
in connection with the exercise of the stock appreciation right, except to the extent such deduction is limited by applicable provisions of the Code.

Stock Awards. A participant acquiring restricted stock generally will recognize ordinary income equal to the difference between the fair market value of the shares on the “determination date” (as defined below) and their purchase price, if any. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The “determination date” is the date on which the participant acquires the shares unless they are subject to a substantial risk of forfeiture and are not transferable, in which case the determination date is the earlier of (i) the date on which the shares become transferable or (ii) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Performance Awards. A participant generally will recognize no income upon the grant of a performance share or performance unit award. Upon the settlement of such awards, participants normally will recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of any nonrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of restricted stock, the participant generally will be taxed in the same manner as described under “Stock Awards.” Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the “determination date,” will be taxed as capital gain or loss. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Options Granted to Certain Persons

The aggregate numbers of shares of common stock subject to options granted to certain persons under the 2003 Plan in fiscal 2004 are as follows: (i) Bruce R. Chizen, Chief Executive Officer, 450,000 shares; (ii) Shantanu Narayen, President and Chief Operating Officer\(^{(1)}\), 150,000 shares; (iii) Murray J. Demo, Senior Vice President and Chief Financial Officer, 125,000 shares; (iv) Jim Stephens, Senior Vice President, Worldwide Sales and Field Operations, 100,000 shares; (v) James J. Heeger, Senior Vice President, Creative Professional Products\(^{(2)}\), 100,000 shares; (vi) all current executive officers as a group, an aggregate of 1,725,000 shares; (vii) all current directors who are not executive officers as a group, an aggregate of zero shares; and (viii) all employees, including current officers who are not executive officers, as a group, an aggregate of 8,429,755 shares. In fiscal 2004, no options have been granted under the 2003 Plan to any other nominee for election as a director, or any associate of any such director, nominee or executive officer, and no other person has been granted five percent or more of the total amount of options granted under the 2003 Plan.

---

\(^{(1)}\) Mr. Narayen was promoted from Executive Vice President of Worldwide Products to President and Chief Operating Officer in January 2005.

\(^{(2)}\) Mr. Heeger resigned his position at Adobe effective March 2, 2005.
The Board of Directors approved the adoption of our 1996 Outside Directors’ Stock Option Plan (the “1996 Plan”) in December 1995 and our stockholders approved such adoption in April 1996. The Board, with stockholder approval, has subsequently amended the 1996 Plan from time to time to increase the number of shares authorized.

As of March 1, 2005, an aggregate of 467,500 shares of our common stock remained available for future grants under the 1996 Plan. The Board believes that the availability of an adequate number of shares in the share reserve of the 1996 Plan is an important factor in attracting, motivating and retaining qualified non-employee directors essential to the success of the Company.

On February 28, 2005, subject to stockholder approval, the Board increased by 400,000 the number of shares we are authorized to issue under the 1996 Plan. We intend to register the 400,000 share increase on a Registration Statement on Form S-8 under the Securities Act of 1933 as soon as is practicable after receiving stockholder approval.

Vote Required and Board Recommendation

Approval of the amendment to the 1996 Plan requires the affirmative vote of holders of a majority of the shares present or represented by proxy and entitled to vote at the meeting. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THIS PROPOSAL

Summary of the 1996 Outside Directors’ Stock Option Plan Terms

The following summary of the 1996 Plan is qualified in its entirety by the specific language of the 1996 Plan, a copy of which will be made available to you upon written request.

General. The 1996 Plan will continue until terminated by the Board, or until all of the shares reserved under the 1996 Plan have been issued, whichever occurs first. Options granted under the 1996 Plan must be evidenced by an option agreement, specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the 1996 Plan. Such options terminate and cease to be exercisable on the date ten years after the date of grant unless earlier terminated pursuant to the terms of the 1996 Plan or the option agreement.

Shares Subject to Plan. If the stockholders approve this proposal to authorize an additional 400,000 shares for issuance under the 1996 Plan, the cumulative aggregate share authorization under our 1996 Plan will increase to 3,650,000 shares. However, this share reserve is reduced at any time by the number of shares remaining subject to options outstanding, as well as by the number of shares actually issued. Including the proposed 400,000 share increase, as of March 1, 2005 a total of 867,500 shares would be available for issuance under the 1996 Plan.

To the extent that any option granted under the 1996 Plan expires or terminates without having been exercised or if shares acquired, subject to repurchase, upon exercise of an option are repurchased by us for the optionee’s purchase price to effect a forfeiture of unvested shares upon termination of service, the shares subject to the terminated option or repurchased by us will again be available for issuance under the 1996 Plan. Shares will be treated as having been issued under the 1996 Plan and will therefore reduce the number of shares available for grant to the extent such shares are withheld in satisfaction of tax withholding obligations. Appropriate adjustments are made to any outstanding
options in the event of a stock dividend, stock split, or other change in the capital structure of the Company.

Eligibility. Only non-employee directors of Adobe are eligible to receive options to purchase shares of our common stock under the 1996 Plan. All options granted under the 1996 Plan are nonstatutory stock options. Upon joining the Board, a new non-employee director is granted an initial option to purchase 50,000 shares. On the date following our annual meeting of stockholders, each non-employee director who has not received an initial grant since the last annual meeting of stockholders, is automatically granted an option to purchase 25,000 shares. The Board may, in its discretion, increase or decrease from time to time the number of shares to be granted under any initial option or under the annual option. As of March 1, 2005, eight non-employee directors were eligible to participate in the 1996 Plan.

Exercise Price. The exercise price of each option shall be the fair market value of a share of our common stock on the date of grant. On March 1, 2005, the closing price of our common stock on the Nasdaq National Market was $62.34 per share.

Payment. The 1996 Plan provides that the option exercise price may be paid in cash, by check, or in cash equivalent; by means of a broker-assisted cashless exercise; to the extent legally permitted, by tender of shares of common stock owned by the optionee having a fair market value not less than the exercise price; or by any combination of these. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option, including, if permitted or required by us, through the optionee’s surrender of a portion of the option shares to the Company.

Vesting. The shares are exercisable and vest (i) 25% on the day immediately preceding each of the first and second annual meetings of stockholders following the date of grant; and (ii) 50% on the day immediately preceding the third annual meeting of stockholders following the date of grant.

Change-in-Control. In the event of any merger, reorganization, or sale of substantially all of the Company’s assets, in which there is a change-in-control of the Company, all non-employee directors’ option shares shall be immediately and fully vested.

Administration. The 1996 Plan is administered by the Board or a committee duly appointed by the Board. The Board has the power to construe and interpret the 1996 Plan but not to determine the persons to whom or the dates on which options will be granted, the exercise price, the time at which an option can be granted, the duration of an option, or to alter any other terms or conditions specified in the 1996 Plan, except in the sense of administering the 1996 Plan subject to the provisions of the Plan.

Amendments. The Board may at any time amend or terminate the 1996 Plan, except that stockholder approval is required to increase the number of shares authorized for issuance under the 1996 Plan, or to expand the class of persons eligible to receive an option grant under the 1996 Plan. In addition, the rights of a recipient of a grant under the 1996 Plan prior to any such action by the Board may not be impaired without the recipient’s consent.

Summary of Federal Income Tax Consequences of the 1996 Outside Directors’ Stock Option Plan

The following summary is intended only as a general guide as to the federal income tax consequences under current law of options granted pursuant to the 1996 Plan and does not attempt to describe all potential tax consequences. Furthermore, the tax consequences are complex and subject to change, and a taxpayer’s particular situation may be such that some variation of the described rules is applicable.
Options granted pursuant to the 1996 Plan are nonstatutory stock options. Nonstatutory stock options have no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares purchased. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss. No tax deduction is available to Adobe with respect to the grant of the option or the sale of stock acquired upon exercise of the option. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

(1) Only non-employee directors of Adobe are eligible to participate in our 1996 Outside Directors’ Stock Option Plan. New non-employee directors are awarded an initial option grant to purchase 50,000 shares while current non-employee directors who did not receive an initial grant since the last annual meeting of stockholders receive an annual option grant to purchase 25,000 shares. Directors who are employees of Adobe and subsequently become non-employee directors are eligible to receive annual grants but not initial grants.

(2) Includes shares underlying annual grants to be made to eight eligible non-employee directors in April 2005.

PROPOSAL 4

STOCKHOLDER PROPOSAL

The United Brotherhood of Carpenters Pension Fund (the “Fund”), 101 Constitution Avenue, NW, Washington D.C. 20001, the owner of 3,900 shares of our common stock, has requested that we include the following proposal and supporting statement at this year’s meeting. The stockholder proposal is quoted verbatim below.

Resolved, that the stockholders of Adobe Systems Inc. (“Company”) hereby request that the Company’s Board of Directors establish a policy of expensing in the Company’s annual income statement the costs of all future stock options issued by the Company.

SUPPORTING STATEMENT:

Current accounting rules give companies the choice of reporting stock option expenses annually in the company income statement or as a footnote in the annual report (See: Financial Accounting Standards Board Statement 123). Many companies, including ours, report the cost of stock options as a footnote in the annual report, rather than include the option costs in determining operating income. We believe that expensing stock options would more accurately reflect a company’s operational earnings.
Stock options are an important component of our Company’s executive compensation program. We believe that the lack of option expensing can promote excessive use of options in a company’s compensation plans, obscure and understate the cost of executive compensation and promote the pursuit of corporate strategies designed to promote short-term stock price rather than long-term corporate value.

“The failure to expense stock option grants has introduced a significant distortion in reported earnings,” stated Federal Reserve Board Chairman Greenspan. “Reporting stock options as expenses is a sensible and positive step toward a clearer and more precise accounting of a company’s worth.” Globe and Mail, “Expensing Options is a Bandwagon Worth Joining,” Aug. 16, 2002.

Warren Buffett wrote in a New York Times Op-Ed piece on July 24, 2002:

There is a crisis of confidence today about corporate earnings reports and the credibility of chief executives. And it’s justified.

For many years, I’ve had little confidence in the earnings numbers reported by most corporations. I’m not talking about Enron and WorldCom—examples of outright crookedness. Rather, I am referring to the legal, but improper, accounting methods used by chief executives to inflate reported earnings.

Options are a huge cost for many corporations and a huge benefit to executives. No wonder, then, that they have fought ferociously to avoid making a charge against their earnings. Without blushing, almost all CEOs have told their shareholders that options are cost-free.

When a company gives something of value to its employees in return for their services, it is clearly a compensation expense. And if expenses don’t belong in the earnings statement, where in the world do they belong?

Bear Stearns recently reported that more than 483 companies are expensing stock options or have indicated their intention to do so. 113 of these companies are S&P 500 companies, representing 41% of the index based on market capitalization. (Bear Stearns Equity Research, February 12, 2004, “Companies that currently expense or intend to expense using the fair value method.”)

This Fund and other Building Trades’ union pension funds have sponsored numerous expensing proposals over the past two proxy seasons. Majority votes in support of the proposals were recorded at over fifty companies, including Georgia-Pacific, Thermo Electron, Apple Computer, Intel, IBM, Novell, PeopleSoft and Kohl’s. We urge your support for this important reform.

Vote Required and Board Recommendation

Stockholder ratification of this stockholder proposal requires the affirmative vote of holders of a majority of the votes cast in person or by proxy at the meeting. Neither abstentions nor broker non-votes have any effect on the outcome of this proposal.

STATEMENT AGAINST STOCKHOLDER PROPOSAL

Subsequent to the date on which the stockholder submitted its proposal to Adobe, the Financial Accounting Standards Board (FASB) issued a final statement that will require public companies, including Adobe, to record stock option expense in their income statements. The requirement is effective beginning with a company’s first interim or annual reporting period that begins after June 15, 2005. We deem this stockholder proposal to be duplicative of the new accounting rules and believe that
instituting it at this time would be unnecessary given the imminent effective date of FASB’s final statement.

On December 16, 2004, the FASB published FASB Statement No. 123 (revised 2004), *Share-Based Payment* (“Statement 123R”). Statement 123R requires that the compensation cost relating to share-based payment transactions be recognized in financial statements. This compensation cost will be measured based on the grant-date fair value of the equity instruments issued. In determining the fair value of options and other equity-based awards, companies are required, under Statement 123R, to use one of two option-pricing models each involving extensive and complex analyses. We are in the process of reviewing and analyzing Statement 123R and the related guidance provided by the FASB to determine which model is most appropriate for Adobe and how such model would be applied to Adobe’s financial statements. In addition, we are currently considering the alternative transition methods permitted by Statement 123R to determine which method to adopt. We are also evaluating the impact of the new accounting rules on our equity compensation program generally. In making these determinations, we will consider, among other things, the practices and approaches of other public companies throughout our industry, including our competitors, as they also move toward compliance.

Statement 123R will be effective for Adobe beginning on September 3, 2005, which is the first day of the fourth quarter of our 2005 fiscal year. The earliest interim period following our 2005 annual meeting of stockholders for which Statement 123R could be made effective on a voluntary basis is the third quarter of Adobe’s 2005 fiscal year, which begins on June 4, 2005. Given the complexity of the issues, the various determinations and evaluations that we must make, and the imminent effective date of the new accounting rules, we believe that it would be neither practical nor prudent to adopt the stockholder proposal at this time. Additionally, we are not aware of other public companies in our peer group that will be implementing Statement 123R prior to its effective date. We are committed to adopting Statement 123R in the quarter that it becomes effective.

We currently account for our stock-based compensation costs in accordance with generally accepted accounting principles, as currently in effect. In addition, we already provide voluntary disclosure regarding stock options that exceeds the requirements of generally accepted accounting principles and the disclosures provided by many other companies in our industry. Furthermore, we already disclose in a footnote to our financial statements details regarding the pro forma net earnings and earnings per share as if we had expensed equity-based compensation using the fair value method.

In summary, we are taking appropriate steps to ensure that our accounting and reporting practices will comply with Statement 123R when it becomes effective for us beginning on September 3, 2005. Until the new accounting rules become effective for us, we will continue to provide comprehensive disclosure regarding our stock option activity to our stockholders. Therefore, we believe that to implement the stockholder proposal at this time would be duplicative of our existing efforts regarding this matter and unnecessary given the imminent effective date of Statement 123R.

PROPOSAL 5
STOCKHOLDER PROPOSAL

The AFSCME Employees Pension Plan (“AFSCME”), 1625 L. Street, N.W., Washington, D.C. 20036, the owner of 2,447 shares of our common stock, has requested that we include the following proposal and supporting statement at this year’s meeting. The stockholder proposal is quoted verbatim below.

The Board unanimously recommends a vote “against” this stockholder proposal below and asks you to read management’s response, which follows the stockholder proposal.

21
Resolved, that stockholders of Adobe Systems, Inc. (‘‘Adobe’’) urge the Executive Compensation Committee of the Board of Directors (the ‘‘Committee’’) to adopt a policy requiring that senior executives retain a significant percentage of shares acquired through equity compensation programs during their employment, and to report to stockholders regarding the policy before Adobe’s 2006 annual meeting of stockholders. The Committee should define “significant” (and provide for exceptions in extraordinary circumstances) by taking into account the needs and constraints of Adobe and its senior executives; however, the stockholders recommend that the Committee not adopt a percentage lower than 75% of net after tax shares. The policy should address the permissibility of transactions such as hedging transactions which are not sales but reduce the risk of loss to the executive.

SUPPORTING STATEMENT

Equity-based compensation makes up a substantial portion of senior executive compensation at Adobe. In fiscal year 2003, CEO Bruce Chizen exercised 350,000 options for a realized value of $4,246,000. In the two fiscal years 2001 and 2002, Chizen received 1,700,000 options. And according to the September 30, 2004 report on Form 10-Q, Adobe has 45,964,112 options outstanding.

Adobe claims that equity-based compensation promotes alignment between executive and stockholder interests. Unfortunately, Adobe’s generous equity compensation programs have yet to translate into meaningful levels of stock ownership. Adobe’s most recent proxy statement disclosed that Mr. Chizen owned only 20,882 shares outright, up from the 1,906 he owned outright as of the 2003 proxy statement. According to published reports, in September 2004, he exercised options to buy 300,000 shares and sold 278,000 on the same day to realize an overall gain of $5,314,600 on the sale. We believe that the alignment benefits touted by Adobe are not being fully realized.

Requiring senior executives to hold a significant portion of shares obtained through compensation plans would focus them on Adobe’s long-term success and would help align their interests with those of Adobe’s stockholders. A 2002 report by a commission of The Conference Board endorsed the idea of such a requirement, stating that the long-term focus promoted thereby “may help prevent companies from artificially propping up stock prices over the short-term to cash out options and making other potentially negative short-term decisions.”

In February 2003, Adobe implemented a recommendation, but not requirement that directors and certain executives retain 25% of the net shares after payment of taxes and option exercise price for a period of two years, until a particular ownership threshold is reached. We believe this recommendation does not go far enough to ensure that equity compensation builds executive ownership, especially in light of the cashless exercise feature, which allows executives to use shares to pay the exercise price and which thus reduces the number of shares owned by the executive following exercise.

We urge stockholders to vote for this proposal.

Vote Required and Board Recommendation

Stockholder ratification of this stockholder proposal requires the affirmative vote of holders of a majority of the votes cast in person or by proxy at the meeting. Neither abstentions nor broker non-votes have any effect on the outcome of this proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “AGAINST” THIS STOCKHOLDER PROPOSAL

STATEMENT AGAINST STOCKHOLDER PROPOSAL

Substantially similar stockholder proposals on stock ownership guidelines for our executive officers were considered at our previous two annual meetings and were overwhelmingly rejected by our stockholders. The Board continues to believe that our past and current equity compensation policies for
our executive officers and directors have been successful in enhancing our ability to attract and retain talented people and in motivating them to build long-term value for our stockholders. We have long believed that option grants in and of themselves help to align executives’ interests with yours, because executives benefit from these grants only after (i) their options have vested and (ii) our stock price has appreciated from the time they were granted the options. We spend a significant amount of time and effort researching, developing and adopting well thought-out equity compensation programs, including development of our own stock ownership guidelines. In developing these stock ownership guidelines we used extensive benchmarking, modeling, and consultation with an independent third-party compensation expert. A summary of our stock ownership guidelines are provided below.

To our knowledge only a small minority of the companies in our compensation benchmarking group have such guidelines for their executives, with none more stringent than our own stock ownership guidelines. As a matter of fact, we are aware of only seventeen companies with stock ownership guidelines comparable to those in this stockholder proposal, and these companies are huge multinational companies with sophisticated executive compensation programs including multimillion dollar salaries and bonuses, generous equity compensation packages, including the issuance of restricted stock, deferred compensation and retirement programs that collectively make the high 75% ratio achievable. Our executives’ overall compensation packages are modest in comparison and we expect our executives to realize a significant portion of their ongoing compensation through any value gained from the options we grant to them. We believe that the ratio levels suggested by the stockholder would seriously distort our carefully-designed compensation policies for our executives, making us unable to attract and retain the talented executives we need to continue building stockholder value.

As part of our overall corporate governance and compensation practices, we adopted the following stock ownership guidelines for our directors and executive officers in 2003:

The Board believes that:

- Each director should hold 25% of the net shares acquired (after deducting shares sold to cover the exercise price and withheld taxes) from Adobe for two years unless, following the sale of such shares, the total number of Adobe shares held by such director equals or exceeds 4,000 shares.

- Each Senior Vice President should hold 25% of the net shares acquired (after deducting shares sold to cover the exercise price and withheld taxes; excludes shares acquired through Adobe’s Employee Stock Purchase Plan) from Adobe for two years unless, following the sale of such shares, the total number of Adobe shares held by such Senior Vice President equals or exceeds 25,000 shares.

- Each Executive Vice President and the Chief Financial Officer should hold 25% of the net shares acquired (after deducting shares sold to cover the exercise price and withheld taxes; excludes shares acquired through Adobe’s Employee Stock Purchase Plan) from Adobe for two years unless, following the sale of such shares, the total number of Adobe shares held by such Executive Vice President or the Chief Financial Officer equals or exceeds 50,000 shares.

- The Chief Executive Officer should hold 25% of the net shares acquired (after deducting shares sold to cover the exercise price and withheld taxes; excludes shares acquired through Adobe’s Employee Stock Purchase Plan) from Adobe for two years unless, following sale of such shares, the total number of Adobe shares held by the Chief Executive Officer equals or exceeds 150,000 shares.

In addition to the above guidelines, our Board placed additional restrictions on options granted to Mr. Chizen, our Chief Executive Officer, in fiscal 2004. Mr. Chizen is required to hold 40% of the net shares acquired from these options (after deducting shares sold to cover the exercise price and withheld taxes; excludes shares acquired through Adobe’s Employee Stock Purchase Plan) from Adobe for two
years unless, following sale of such shares, the total number of Adobe shares held by him equals or exceeds 150,000 shares.

All of our executive officers and directors complied with these stock ownership guidelines in fiscal 2004. In particular, it is important to note that the information in the stockholder proposal regarding Mr. Chizen’s holdings is not up to date, as it is based on information from last year’s proxy statement. As of February 1, 2005, Mr. Chizen held 98,858 shares of our stock, representing over $6.1 million in value as of that date. Mr. Chizen has accumulated such shares in accordance with the guidelines set forth above. Contrary to the stockholder’s statement, we believe this represents a significant level of stock ownership, is confirmation that Mr. Chizen’s interests are aligned with the long-term interests of our stockholders and that our current stock ownership guidelines are effective and sufficient.

Based on our extensive research and modeling, we believe that the retention ratio we have chosen closely approximates benchmarked guidelines in effect for other equivalently-sized companies. We have struck what we believe to be the right balance between allowing our executives to realize value from their options and ensuring that they have a significant equity stake in our future. We believe that our past and current equity compensation policies for our executive officers and directors have been responsibly implemented and that the stock ownership guidelines we have in place further align the interests of our executive officers and directors with your long-term interests, while still allowing us to use equity as an incentive rather than a hindrance to our recruiting and retention efforts. If the stock ownership guidelines suggested by the stockholder were adopted, we believe that we would be unable to recruit and retain talented executives, which would ultimately be detrimental to the long-term interests of our stockholders.

PROPOSAL 6 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected KPMG LLP as Adobe’s independent registered public accounting firm for fiscal 2005, and urges you to vote for ratification of KPMG’s appointment. KPMG has audited Adobe’s financial statements since fiscal 1983. Although we are not required to seek your approval of this appointment, we believe it is good corporate practice to do so. No determination has been made as to what action the Audit Committee and the Board would take if you fail to ratify the appointment. Even if the appointment is ratified, the Audit Committee retains discretion to appoint a new independent audit firm if the Audit Committee concludes such a change would be in the best interests of Adobe and our stockholders. We expect representatives of KPMG to be present at the meeting and available to respond to appropriate questions by stockholders. Additionally, the representatives of KPMG will have the opportunity to make a statement if they so desire.

Vote Required and Board Recommendation

Stockholder ratification of KPMG as our independent registered public accounting firm requires the affirmative vote of holders of a majority of the shares present or represented by proxy and entitled to vote at the meeting. Abstentions will have the same effect as a negative vote. Broker non-votes will have no effect on the outcome of this proposal.

(1) Amount reflects fees billed to date for services rendered in connection with our integrated audit of the financial statements and internal control for fiscal 2004. Additional fees may be billed for these fiscal 2004 services.

Audit-Related Fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements. No Audit-Related fees were incurred in fiscal 2004 or 2003.

Tax Fees consist of fees for professional services for tax compliance, tax advice and tax planning. This category includes fees related to the preparation and review of federal, state and international tax returns and assistance with tax audits.

All Other Fees consist primarily of information system testing services and international executive tax return preparation services.

The Audit Committee has determined that the rendering of these non-audit services by KPMG is compatible with maintaining the independence of KPMG.

Policy on Pre-Approval by Audit Committee of Services Performed by Independent Registered Public Accountants

The policy of the Audit Committee is to pre-approve all audit and permissible non-audit services to be performed by the independent registered public accounting firm during the fiscal year. The Audit Committee pre-approves services by authorizing specific projects within the categories outlined above, subject to the budget for each category. The Audit Committee’s charter delegates to its Chair the authority to address any requests for pre-approval of services between Audit Committee meetings, and the Chair must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The aggregate amount of services related to Audit Fees, Audit-Related Fees, Tax Fees and All Other Fees provided by KPMG was pre-approved by the Audit Committee in accordance with the pre-approval policy described above.

For more information on KPMG, please see the “Report of the Audit Committee” below.
Report of the Audit Committee

The Audit Committee’s role includes the oversight of our financial, accounting and reporting processes, our system of internal accounting and financial controls and our compliance with related legal and regulatory requirements, the appointment, engagement, termination and oversight of our independent registered public accounting firm, including conducting a review of their independence, reviewing and approving the planned scope of our annual audit, overseeing the independent registered public accounting firm’s audit work, reviewing and pre-approving any audit and non-audit services that may be performed by them, reviewing with management and our independent registered public accounting firm the adequacy of our internal financial controls, reviewing our critical accounting policies and the application of accounting principles, monitoring the rotation of partners of the independent registered public accounting firm on our audit engagement team as required by law, establishing procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters, and meeting to review our annual audited financial statements and quarterly financial statements with management and the independent registered public accounting firm. The Audit Committee held twenty meetings during fiscal 2004.

Each member of the Audit Committee meets the independence criteria prescribed by applicable law and the rules of the SEC for audit committee membership and is an “independent director” within the meaning of the Nasdaq listing standards. The Audit Committee acts pursuant to a written charter, a copy of which can be found on our website at www.adobe.com/aboutadobe/invrelations/corpgovern.html.

We have reviewed and discussed with KPMG matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communications with Audit Committees). We have received from KPMG a formal written statement describing the relationships between KPMG and Adobe that might bear on KPMG’s independence consistent with Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). We have discussed with KPMG matters relating to its independence, including a review of both audit and non-audit fees, and considered the compatibility of non-audit services with KPMG’s independence.

We have reviewed and discussed with management and KPMG the audited financial statements. We discussed with KPMG and Adobe’s internal auditors the overall scope and plans of their audits. We met with KPMG, with and without management present, to discuss results of their examinations, their evaluation of Adobe’s internal controls, and the overall quality of Adobe’s financial reporting.

Based on the reviews and discussions referred to above and our review of Adobe’s audited financial statements for fiscal 2004, we recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 3, 2004, for filing with the SEC.

Respectfully submitted,

Audit Committee

CORPORATE GOVERNANCE

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. The Board adopted such Corporate Governance Guidelines in order to ensure that the Board will have the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices the Board will follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Corporate Governance Guidelines were adopted by the Board to, among other things, reflect changes to the Nasdaq listing standards and SEC rules adopted to implement provisions of the Sarbanes-Oxley Act of 2002. You can access our corporate governance materials, including our Corporate Governance Guidelines, on our website at www.adobe.com/aboutadobe/invrelations/corpgovern.html.

Code of Ethics

We adopted a Code of Ethics applicable to our Chief Executive Officer, Chief Financial Officer, Corporate Controller and certain other finance executives, which is a “code of ethics” as defined by applicable rules of the SEC. This Code of Ethics is publicly available on Adobe’s website at www.adobe.com/aboutadobe/invrelations/corpgovern.html. If we make any amendments to this Code of Ethics other than technical, administrative, or other non-substantive amendments, or grant any waivers, including implicit waivers, from a provision of this Code of Ethics to our Chief Executive Officer, Chief Financial Officer, Corporate Controller or certain other finance executives, we will disclose the nature of the amendment or waiver, its effective date and to whom it applies on our Adobe’s website at www.adobe.com/aboutadobe/invrelations/corpgovern.html or in a report on Form 8-K filed with the SEC.

Code of Business Conduct

We have also adopted a Code of Business Conduct applicable to all officers, directors and employees as required by Nasdaq listing standards. This Code of Business Conduct includes an enforcement mechanism, and any waivers for directors or officers must be approved by the Board and disclosed in a Form 8-K within five days. This Code of Business Conduct is publicly available on Adobe’s website at www.adobe.com/aboutadobe/invrelations/corpgovern.html.

(14) Consists of 15,000 shares held by the Pouliot Family Trust, of which Ms. Pouliot is a trustee, and 36,250 shares issuable upon the exercise of outstanding options held by Ms. Pouliot exercisable within 60 days of the date of this table.

(15) Includes 600 shares held by Dr. Sedgewick’s minor children, as to all of which Dr. Sedgewick disclaims beneficial ownership, and 146,250 shares issuable upon exercise of outstanding options held by Dr. Sedgewick exercisable within 60 days of the date of this table.

(16) Includes 22,400 shares held by trusts for the benefit of Dr. Warnock’s children, over which he shares voting and investment power with his spouse and Dr. Geschke, and 106,250 shares issuable upon the exercise of outstanding options held by Dr. Warnock exercisable within 60 days of the date of this table.

(17) Includes 126,250 shares issuable upon the exercise of outstanding options held by Mr. Yocam exercisable within 60 days of the date of this table.

(18) Includes 5,386,593 shares issuable upon exercise of outstanding options held by directors and current executive officers exercisable within 60 days of the date of this table. See also Notes 5 through 17.
EXECUTIVE COMPENSATION

Summary of Cash and Certain Other Compensation

The following table provides information about the compensation for our last three fiscal years (2004, 2003, and 2002) of our Chief Executive Officer, plus our four other most highly compensated executive officers as of the end of fiscal 2004. This group is referred to in this proxy statement as the Named Executive Officers.

<sup>(a)</sup> Split-dollar life insurance policy has been terminated.

<sup>(b)</sup> Consists of distributions of cash and stock made in connection with Mr. Chizen’s partnership interest in AIP. Stock distributions were calculated using the number of shares distributed to Mr. Chizen at the stock’s current market value on the date of distribution. Mr. Chizen was the only Named Executive Officer who held a partnership interest in AIP during fiscal 2002. Amount paid out in fiscal 2002 includes $10,034 received upon liquidation of the partnership in November 2002.

(3) Mr. Narayen was promoted from Executive Vice President of Worldwide Products to President and Chief Operating Officer in January 2005.

(4) Mr. Heeger became an executive officer and employee of Adobe in February 2002.

(5) Mr. Heeger resigned his position at Adobe effective March 2, 2005.
Stock Options

The following table sets forth information regarding stock options granted in fiscal 2004 to our Named Executive Officers, each under our 2003 Plan. All options were granted with an exercise price equal to the closing price of our common stock on the date of grant. Potential realizable values are net of exercise price, but before taxes associated with exercise. These amounts represent hypothetical gains that could be achieved for the options if exercised at the end of the option term of seven years. The assumed 5% and 10% rates of stock price appreciation are provided for purposes of illustration only and do not represent our estimate or projection of the future price of our common stock.

(1) The price of each option share, paid at the time of exercise, is the fair market value of a share of our common stock on the date of grant, which is equal to the closing price per share of our common stock as quoted on the Nasdaq National Market. Under the terms of the applicable option agreements, as modified by the retention agreement terms described in “Severance and Change-in-Control Arrangements” below, if the optionee terminates employment with Adobe, the exercisability period of the option will change as follows:

(a) if the termination is due to the optionee’s normal retirement, death or disability, the exercise period is twelve months from such date, and vesting will accelerate for an additional 12 months; provided, however, that in no event shall the vested percentage exceed 100%; or

(b) if the termination is due to the optionee’s early retirement pursuant to an early retirement program, the exercise period is three months from the date of early retirement or such greater period as established pursuant to the early retirement program; or

(c) if there is a change in control of Adobe in which we are not the surviving corporation, and, with the exception of Mr. Chizen, termination occurs within 24 months thereafter due to (i) constructive termination or (ii) any reason other than termination for cause, the exercise period is twelve months from the date on which the optionee’s employment terminated, and vesting will accelerate such that all option shares will vest in full. Pursuant to the terms of his retention agreement, Mr. Chizen is entitled to accelerated vesting of all his option shares such that they vest in full upon a change in control of Adobe in which we are not the surviving corporation; or

(d) if the termination is for cause, the option shall terminate and cease to be exercisable on the date of termination; or

(e) if the termination is for any reason other than stated above, the exercise period is three months from the date of such termination.
The options shown above granted under our 2003 Plan vest over a three-year period at a rate of 25% at the end of the first 12 months from the date of grant, 2.08% per month for the following 12 months, and 4.17% per month for the remaining 12 months. The exercise price may be paid in cash, by check, or in cash equivalent; by means of a broker-assisted cashless exercise; to the extent legally permitted, by tender of shares of common stock owned by the optionee having a fair market value not less than the exercise price; by such other lawful consideration as approved by the Committee, or by any combination of these. Nevertheless, the Committee may restrict the forms of payment permitted in connection with any option grant. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option, including, if permitted or required by us, through the optionee’s surrender of a portion of the option shares to the Company.

(2) Based on 10,379,755 shares subject to options granted to employees and directors under our option plans during fiscal 2004.

(3) The potential gain is calculated from the grant price, which is closing price of our common stock on the date of grant to the Named Executive Officer. For each grant, the potential realizable value represents certain assumed rates of appreciation only, as set by the SEC. Actual gains, if any, on stock option exercises and common stock holdings are dependent upon our future performance and overall stock market condition. There can be no assurance that the amounts reflected in this table will be achieved.

(4) Mr. Heeger resigned his position at Adobe effective March 2, 2005; therefore, none of his options granted in fiscal 2004 will vest.

Stock Option Exercises and Holdings

The following table shows stock options exercised by the Named Executive Officers in fiscal 2004, including the total value of gains on the date of exercise based on actual sale prices or on the closing price that day if the shares were not sold that day, in each case less the exercise price of the stock options. In addition, the number of shares covered by both exercisable and unexercisable stock options, as of December 3, 2004, is shown. Also reported are the values for “In-the-Money” options. The dollar amounts shown in the “In-the-Money” column represent the positive spread between the exercise price of any such existing stock options and the closing price of our common stock as of December 3, 2004, which was $62.96, as reported by the Nasdaq National Market.

(¹) Includes 2.8 million shares and 12.7 million shares, respectively, which are reserved for issuance under the 1994 Performance and Restricted Stock Plan and the 1997 Employee Stock Purchase Plan as of December 3, 2004.

Severance and Change-in-Control Arrangements

Adobe has also entered into retention agreements with the following executive officers: Bruce Chizen, Murray Demo, Melissa Dyrdahl, Bryan Lamkin, Shantanu Narayen, Jim Stephens, and Theresa Townsley. Retention agreements with the above individuals provide for certain cash payments and acceleration of equity compensation awards in the event of a change in control or termination of such individuals' employment following a change in control of Adobe (all as described below).

In December 2001, we adopted our U.S. Executive Severance Plan ("Severance Plan") which covers any executive officer not covered by an individual retention plan. Currently, three of our executive officers are covered by the Severance Plan: John Brennan, Karen Cottle and Ivan Koon.

As used in the retention agreements mentioned above and the Severance Plan (collectively, the Agreements), a “change in control” is defined as: (i) the beneficial ownership of 30% or more of the combined voting power of Adobe’s securities by any person or entity; (ii) when Incumbent Directors (as defined in the Agreements) cease to constitute a majority of the Board of Directors; (iii) a merger or consolidation involving Adobe or one of our subsidiaries and our stockholders prior to such transaction own less than 50% of the combined voting power of Adobe (or the resulting entity) after the transaction; (iv) the sale, liquidation or distribution of all or substantially all of the assets of Adobe; or (v) a “change in control” within the meaning of Section 280G of the Code. If, within two years after a change in control (the Covered Period), the executive’s employment is terminated without Cause, or if the executive resigns for Good Reason or Disability (all as defined in the Agreements) (an “Involuntary Termination”), such executive officer will receive a cash severance payment as follows:

Earned but unpaid salary and the cash equivalent for accrued but unused personal time off through the date of termination; plus, the pro rata portion of the annual bonus for the year in which termination occurs (calculated on the basis of the officer’s target bonus and on the assumption that all performance targets have been or will be achieved); plus, an amount equal to the product of (i) the sum of the officer’s Reference Salary and Reference Bonus (as defined in the Agreements), multiplied by (ii) two plus one-twelfth for each year of completed service with the Company (not in excess of twelve years) (the “Severance Multiple”).
For Mr. Chizen, all outstanding options, performance grants and restricted stock awards will accelerate and vest 100% on the date of the change in control. For all other executive officers, all outstanding options, performance grants and restricted stock awards will accelerate and vest 100% on the date of his/her Involuntary Termination during the Covered Period. Also, the exercise period of all such options will be extended to twelve months from termination.

In addition, executive officers with retention agreements, including the Chief Executive Officer, will receive continued medical, dental, vision and life insurance coverage for himself or herself and dependents for a period of years equal to the Severance Multiple; for those individuals covered by the Severance Plan, the executive officer will receive COBRA premium payments up to the legal limit for such coverage, or for the period of years equal to the executive officer’s Severance Multiple, whichever is less. If an executive officer covered by the Severance Plan becomes covered under another employer’s group health plan (other than a plan which imposes a pre-existing condition exclusion which applies to the executive officer) during this applicable period of COBRA continuation coverage, our COBRA premium payments will cease.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended requires our executive officers and directors, and any person or entity who own more than ten percent of a registered class of our common stock or other equity securities, to file with the SEC certain reports of ownership and changes in ownership of our securities. Executive Officers, directors and stockholders who hold more than ten percent of our outstanding common stock are required by the SEC to furnish us with copies of all required forms filed under Section 16(a). We prepare Section 16(a) forms on behalf of our officers and directors based on the information provided by them.

Based solely on review of this information, including written representations from our executive officers and directors that no other reports were required, we believe that, during the 2004 fiscal year, all Section 16(a) filing requirements applicable to our executive officers, directors and greater than ten percent beneficial owners were met.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee of the Board sets and administers the policies governing annual compensation of executive officers, including cash compensation and equity compensation programs. The Executive Compensation Committee consists of four directors, each of whom is an independent director within the meaning of the Nasdaq listing standards. The Executive Compensation Committee held six meetings during fiscal 2004.

Compensation Policies

We operate in the competitive and rapidly changing high technology environment. The goals of our executive compensation program are to inspire executives to achieve our business objectives in this environment, to reward them for their achievement, to foster teamwork, and to attract and retain executive officers who contribute to our long-term success. During fiscal 2004, we used salary, bonus and stock option strategies to meet these goals.

Our philosophy and guiding principle is to provide compensation levels that are comparable to those offered by other leading high technology companies. We aim to align the interests of our executive officers with the long-term interests of our stockholders through stock-based compensation and stock ownership guidelines. For example, in fiscal 2004, we awarded options to purchase shares under our 2003 Plan to our executive officers that contain vesting terms over a three-year period. Additionally, as part of our overall corporate governance and compensation practices, we adopted stock
ownership guidelines for our executive officers. See below for a full description of our stock ownership guidelines.

We also believe that a substantial portion of each of our executive’s compensation should be in the form of an incentive bonus. Receipt of this bonus is generally contingent upon our achievement of certain revenue and operating profit levels and, for officers who lead business units, on their respective business unit revenue results. Our executive officers also participated with all of Adobe’s employees in our corporate profit sharing plan. See below for a full description of this incentive bonus program and profit sharing plan.

We have considered the potential impact of Section 162(m) of the Code adopted under the Federal Reconciliation Act of 1993. This law disallows a tax deduction for any publicly-held corporation for individual compensation exceeding $1 million in any taxable year paid to Named Executive Officers, unless compensation is commission or performance-based. Any options or performance awards as well as certain restricted stock awards granted under our equity compensation plans will qualify as exempt performance-based compensation. Mr. Chizen’s and Mr. Narayen’s targeted and actual cash compensation in fiscal 2004 exceeded the $1 million threshold, and their targeted cash compensation in fiscal 2005 will also exceed this threshold. Accordingly, Section 162(m) limited the tax deduction available to us in fiscal 2004, and this tax deduction limitation will continue in fiscal 2005 if a significant portion of their targeted cash compensation is achieved. However, we believe this limitation was and will continue to be immaterial. Our policy is to qualify to the maximum extent possible our executives’ compensation for deductibility under applicable tax laws and to the extent consistent with our compensation objectives.

Compensation Components

Annual Compensation. We determine the salary portion of our executive officers’ compensation annually, including that of our Chief Executive Officer, in part by reference to multiple compensation surveys of high technology companies we view as our peers. For each comparative survey, we correlate each of our executive officers to the position described in the survey that most accurately represents the officer’s position with Adobe by content, organizational level and revenue. Taking into account the officers’ levels of responsibility and our past performance, we target a percentile above the median as stated by the survey in determining the base salary initially established for each executive officer. As executives mature in their respective positions, we target a higher percentile competitive base salary.

A substantial portion of the annual compensation for our executive officers is paid in the form of an incentive bonus under our Adobe Executive Annual Incentive Plan (the “Incentive Plan”). The Incentive Plan’s objectives are to: drive revenue growth and accountability; drive execution of operating plan and strategic objectives; and motivate and inspire our executives to contribute to peak performance. The incentive bonus typically comprises a greater portion of an executive officer’s potential total compensation as the executive’s level of responsibility increases. The bonus is computed as a percentage of base salary, which is established by the Executive Compensation Committee. In fiscal 2004, the target level of bonus equaled or exceeded 50% of salary for each of the executive officers.

A corporate revenue and operating profit minimum threshold must be met before an incentive bonus is paid (90% revenue to plan and 90% operating profit to plan). If the thresholds are met, our executive officers who head up our business units are then measured on achievement of revenue numbers against plan targets (minimum payment requires threshold achievement of at least 81% business unit revenue to plan with an upside potential of 200% if certain revenue thresholds are met). 100% of these executive officers’ bonuses are tied to their respective business unit revenue. Our Senior Vice President’s, Worldwide Sales and Field Operations, incentive bonus is tied to Company revenue numbers against plan targets and carry an upside potential of 200% if certain revenue thresholds are
met. The remaining members’ of our executive team bonuses, including those of our Chief Executive Officer, are based on achievement of goals tied to managing the business and carry an upside potential of 150% if certain corporate revenue and operating profit thresholds are met. We retain the authority to alter the bonus amounts on the basis of qualitative factors, such as achievement of publicly announced targets, product milestones, strategic goals, cross functional teamwork and collaboration, and unforeseen changes in the economy and/or geopolitical climate, as well as long-term and short-term operating results.

Additionally, starting in 2002, we authorized an annual bonus pool of $60,000 that may be awarded by the Chief Executive Officer to other executive officers as special recognition bonuses. No bonuses were awarded in fiscal 2004 out of this bonus pool.

Our executive officers also participated with all of Adobe’s employees in our corporate profit sharing plan, under which a bonus of up to 10% of each employee’s base salary, payable quarterly, is awarded on the basis of operating profit. Based on superior performance in fiscal 2004, the board approved increasing the profit sharing to 15% for the first three quarters of fiscal 2004.

Long-term Incentive Compensation. We use stock options to inspire and retain executive officers for the long-term and have also awarded restricted stock in certain circumstances. We believe that these incentives closely align the officers’ interests with those of stockholders in building share value. As part of our overall corporate governance and compensation practices, the Board adopted the following stock ownership guidelines for our executive officers that we believe further align the executive officers’ interests with the stockholders’ long-term interests: the Chief Executive Officer should hold 25% of the net shares acquired from Adobe for two years unless, following sale of such shares, the total number of Adobe shares held by the Chief Executive Officer equals or exceeds 150,000 shares; each Executive Vice President and the Chief Financial Officer should hold 25% of the net shares acquired from Adobe for two years unless, following the sale of such shares, the total number of Adobe shares held by such Executive Vice President or the Chief Financial Officer equals or exceeds 50,000 shares; and each Senior Vice President should hold 25% of the net shares acquired from Adobe for two years unless, following the sale of such shares, the total number of Adobe shares held by such Senior Vice President equals or exceeds 25,000 shares. For purposes of this section, an “acquired share” includes shares of vested restricted stock and shares issued from the exercise of vested options. “Net shares acquired” means shares remaining after deducting shares sold to cover the exercise price and withheld taxes. Shares that count toward the minimum share ownership include shares owned outright or beneficially owned and shares issued from the exercise of vested options.

Options are typically granted annually, although supplemental options are granted occasionally. All options are subject to vesting provisions to encourage officers to remain employed with Adobe. We award executive officer stock options based upon each officer’s relative position, responsibilities and performance over the previous fiscal year and the officer’s anticipated future performance, potential and responsibilities. We also review prior option grants to each officer and to other members of senior management, including the number of shares that continue to be subject to vesting under their respective outstanding options, in setting the size of options to be granted to the executive officers. In addition, we use data compiled by an independent compensation consulting firm on stock options granted by comparable companies based on industry and revenue and target a slightly higher percentile than the median. We grant stock options with an exercise price per share equal to the market price of our common stock on the date of grant.

Chief Executive Officer Compensation

Mr. Chizen’s base salary increased approximately 1.4% from fiscal 2003 to fiscal 2004. His target incentive bonus for fiscal 2004 was 85%, the same as fiscal 2003. In fiscal 2004, Mr. Chizen’s target bonus was based on corporate revenue and operating profit as more fully described above and
achievement of individual goals in managing the business. For fiscal 2004, Mr. Chizen received an incentive bonus payment of $1,179,375 under our Incentive Plan, which represents 150% of his target bonus. Mr. Chizen also received profit sharing payments of $125,312 as part of our corporate profit sharing plan described above.

We also awarded long-term compensation to Mr. Chizen in the form of stock options under our 2003 Plan for 450,000 shares of our common stock in May 2004 as part of the annual grant process described above. The size of the grant was based on Mr. Chizen’s relative position, responsibilities and performance as well as his anticipated responsibilities and potential. These options vest over a three-year period at a rate of 25% on the first anniversary of the grant, 2.08% per month for the next 12 months and 4.17% per month for the remaining 12 months. Mr. Chizen is required to hold 40% of the net shares acquired from these options from Adobe for two years unless, following sale of such shares, the total number of Adobe shares held by him equals or exceeds 150,000 shares.

EXECUTIVE COMPENSATION COMMITTEE INTERLOCKS
AND INSIDER PARTICIPATION

The members of the Executive Compensation Committee are set forth in the preceding section. There are no members of the Executive Compensation Committee who were officers or employees of Adobe or any of our subsidiaries during the fiscal year, were formerly officers of Adobe, or had any relationship otherwise requiring disclosure hereunder.

DIRECTOR COMPENSATION

Our non-employee directors receive annual retainers of $30,000 and annual retainers for each Committee such directors serve on as follows: Audit Committee—Chairman $20,000, members $10,000; Executive Compensation Committee—Chairman $10,000, members $5,000; Investment Committee—Chairman and members $5,000; Nominating and Governance Committee—Chairman $10,000, members $5,000. Directors are also entitled to reimbursement of reasonable travel expenses associated with Board and Committee meetings as well as costs and expenses incurred in attending director education programs and other Company-related seminars and conferences.

In addition, each non-employee director is automatically granted a stock option, under our 1996 Plan, to purchase 25,000 shares of our common stock at a price per share equal to the closing price of our common stock on the grant date. These options are granted on the day after our annual meeting of stockholders and they are subject to vesting provisions as described below. The closing price of our common stock for the fiscal 2004 grant date was $41.65. New non-employee directors joining the Board automatically receive an option to purchase 50,000 shares of our common stock under the 1996 Plan, subject to the same vesting terms, on the day they become a director, but do not receive an annual grant in connection with their initial annual meeting as a director.

Options granted under the 1996 Plan vest and become exercisable at a rate of 25% on the day immediately preceding each of the first and second annual meetings following the date of grant and the remaining 50% on the day immediately preceding the third annual meeting following the date of grant. In the event of any merger, reorganization, or sale of substantially all of Adobe’s assets in which there is a change in control of Adobe, all option shares become immediately and fully vested. Appropriate
adjustments are made to any outstanding options in the event of a stock dividend, stock split, or other change in the capital structure of Adobe.

Holders of options granted under the 1996 Plan may only exercise the options once they vest. Options are generally no longer exercisable three months after termination of director status (except in the case of termination due to death or disability). In the event of a change of control, any unexercisable portion of an option becomes fully exercisable thirty days prior to the transaction resulting in a change of control. If the option is not assumed or substituted by the acquiring company, it will terminate to the extent it is not exercised on or before the date of such a transaction.

We have adopted stock ownership guidelines for our members of the Board. Under these guidelines, each non-employee director should hold 25% of the net shares acquired from Adobe for two years unless, following the sale of such shares, the total number of shares held by him or her exceeds 4,000 shares. For purposes of this section, an “acquired share” includes shares of vested restricted stock and shares issued from the exercise of vested options. “Net shares acquired” means shares remaining after deducting shares sold to cover the exercise price and withheld taxes. Shares that count toward the minimum share ownership include shares owned outright or beneficially owned and shares issued from the exercise of vested options.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. Warnock’s son is employed by Adobe as a project manager. In fiscal 2004, he was paid $82,376 in compensation and profit sharing plan payments and was granted an option to purchase 400 shares of common stock at an exercise price of $43.55 per share.

We have entered into indemnity agreements with certain officers and directors which provide, among other things, that we will indemnify such officer or director, under the circumstances and to the extent provided for in the agreements, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party to by reason of his or her position as a director, officer or other agent of Adobe, and otherwise to the full extent permitted under Delaware law and our Amended and Restated Bylaws. See also “Severance and Change-in-Control Arrangements” above.
PERFORMANCE GRAPH

Five-Year Stockholder Return Comparison

In accordance with SEC rules, the following table shows a line-graph presentation comparing cumulative, five-year stockholder returns on an indexed basis with a broad equity market index and either a published industry index or an index of peer companies selected by Adobe. We have selected the Standard & Poor’s 500 Index (“S&P 500 Index”) for the broad equity index for the five fiscal year period commencing December 3, 1999 and ending December 3, 2004. In previous years we had selected the JP Morgan H&Q Technology Index (“H&Q Index”) as our industry index for comparison. The H&Q Index is no longer available, so we have selected S&P 500 Software & Services Index as our industry index to replace the H&Q Index. Because the H&Q Index has been discontinued, we are unable to provide a chart showing what the returns would have been compared with that index. The stock price information shown on the graph below is not necessarily indicative of future price performance.

Although including a stock performance graph in this proxy statement seems to suggest that executive compensation should be based on stock performance alone, the Executive Compensation Committee considers many factors in determining compensation, including our operating results, overall profitability, revenue from certain identified products, new product development, increase in market share and growth in stockholders’ equity. See “Report of the Executive Compensation Committee.”

* Assumes $100 invested on December 3, 1999 in our common stock, the S&P 500 Index and the S&P 500 Software & Services Index, with reinvestment of dividends. For each reported year, our reported dates are the last trading dates of our fiscal year (which ends on the Friday closest to November 30), and the S&P 500 and S&P 500 Software & Services indices dates are the last trading date of November.
HOUSEHOLDING OF PROXY MATERIALS

In December 2000, the SEC enacted a new rule that allows multiple stockholders residing at the same address the convenience of receiving a single copy of proxy statements, annual reports and other stockholder information if they consent to do so. This is known as “householding.” This allows us to save money by reducing the number of documents we must print and mail, and helps protect the environment as well.

Householding is available to both registered stockholders (i.e., those stockholders with certificates registered in their name) and streetname holders (i.e., those stockholders who hold their shares through a brokerage).

Registered Stockholders

If you are a registered stockholder and have consented to our mailing of proxy statements, annual reports and other stockholder information only to one account in your household, as identified by you, we will deliver or mail a single copy of annual reports or proxy statements for all registered stockholders residing at the same address. We will continue to separately mail a proxy card for each registered stockholder account. Your consent will be perpetual unless you revoke it, which you may do at any time by calling our transfer agent, Computershare Investor Services, LLC at 800-455-1130 (toll free), or writing to Computershare Investor Services, Attn: Proxy Unit, P.O. Box A3504, Chicago, IL 60690-3504. If you revoke your consent, we will begin sending you individual copies of future mailings of these documents within 30 days after we receive your revocation notice. If you only received one copy of these proxy materials at a shared address with more than one registered holder, you may also request a separate copy of this proxy statement or the accompanying Annual Report by contacting Computershare who will promptly deliver the requested copy.

Registered stockholders who have not consented to householding will continue to receive copies of annual reports or proxy statements for each registered stockholder residing at the same address. As a registered stockholder, you may elect to participate in householding and receive only a single copy of annual reports or proxy statements for all registered stockholders residing at the same address by contacting Computershare as outlined above.

Streetname Holders

Stockholders who hold their shares through a brokerage may elect to participate in householding or revoke their consent to participate in householding by contacting their respective brokers.

OTHER MATTERS

We are not aware of any other matters to be submitted for consideration at this meeting. If any other matters are properly brought before the meeting, the persons named in the enclosed proxy card will vote the shares they represent using their best judgment.
STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

Stockholder proposals may be included in our proxy materials for an annual meeting so long as they are provided to us on a timely basis and satisfy the other conditions set forth in applicable SEC rules. For a stockholder proposal to be included in our proxy materials for the annual meeting to be held in 2006, we must receive the proposal at our principal executive offices, addressed to the Secretary, not later than November 14, 2005. In addition, stockholder business that is not intended for inclusion in our proxy materials may be brought before the annual meeting so long as we receive notice of the proposal in compliance with the requirements set forth in our Amended and Restated Bylaws, addressed to the Secretary at our principal executive offices, not later than November 14, 2005.
