

ADOBE K-12 STUDENT LICENSING PROGRAM: FREQUENTLY ASKED QUESTIONS

Q: What makes a K-12 school or district eligible for participation in the Adobe K-12 Student Licensing Program?

A: To be eligible for participation in the Adobe K-12 Student Licensing Program, a K-12 school or district must:

- Be located in the United States or Canada
- Have an existing Adobe CLP 4.5 or CLP 5.0 membership
- Sign the Adobe K-12 Student Licensing Program Addendum

Q: Who actually purchases the software?

A: An eligible student, teacher, or staff member at a qualifying K-12 school or district purchases the software for use on a personally owned computer. (Parents or other legal guardians, of course, may purchase the software for the student.) A school or district does not purchase or distribute software in the program.

Q: May a parent or guardian use the software purchased through this program for commercial purposes?

A: No. Software purchases through the Adobe K-12 Student Licensing Program are for noncommercial use only.

Q: Which individuals are eligible to purchase software at the highly reduced pricing in the Adobe K-12 Student Licensing Program?

A: The following individuals may be eligible to purchase Adobe software at low student pricing offered by the program:

- Students in grades 6-12 who are enrolled full time at qualifying schools or in qualifying districts
- Teachers who work at qualifying schools or in qualifying districts
- Administrative staff members and other personnel who work at qualifying schools or in qualifying districts

Q: What software and prices (in U.S. dollars) are available through the Adobe K-12 Student Licensing Program?

A: These Adobe software products and low prices are offered through the Adobe K-12 Student Licensing Program:

- Adobe® Creative Suite® 4 Design Standard (Windows® and Mac OS): US\$199.00*
- Adobe Creative Suite 4 Web Standard (Windows and Mac OS): US\$199.00*
- Adobe Creative Suite 4 Production Premium (Windows and Mac OS): US\$299.00*
- Adobe Photoshop® Elements 8 & Adobe Premiere® Elements 8 (Windows only): US\$99.00*

Q: May a student, teacher, or staff member purchase more than one copy of the same software product offered through the program?

A: No. An eligible student, teacher, or staff member may purchase only one copy of a particular software product offered through the Adobe K-12 Student Licensing Program.

Q: May students, teachers, or staff members use the software they purchase on personal computers?

A: Yes. The Adobe K-12 Student Licensing Program is designed to provide use of Adobe creative software on personal computers—24 hours a day, 7 days a week—at school and at home, anytime, anywhere.

Q: May students, teachers, or staff members use the software they purchase on school-owned computers?

A: No. These licenses can be used only on personal computers owned by the student, teacher, or staff member.

Q: From whom does a student, teacher, or staff member purchase software covered by the Adobe K-12 Student Licensing Program?

A: An eligible student, teacher, or staff member purchases software offered in the Adobe K-12 Student Licensing Program from a participating Adobe Authorized Education Reseller. Adobe K-12 Student Licensing Program pricing is not offered through nonparticipating Adobe resellers.

Q: Who determines whether an institution or individual is eligible to purchase from the Adobe K-12 Student Licensing Program?

A: The participating Adobe Authorized Education Reseller determines eligibility and conducts all validation processes.
