

2024 Spring release is here!

Adding more power to the real virtual

Recording transcription enabled

Automated transcripts with speaker diarization, time stamps, and interactive navigability are enabled. Transcripts can be easily viewed and edited within recordings now.

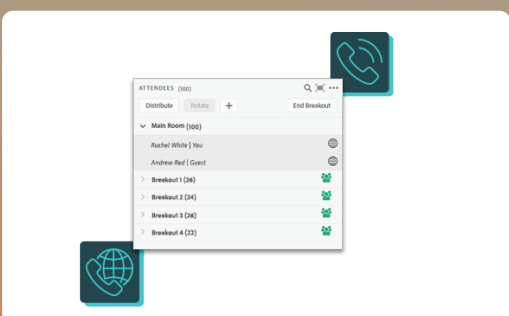

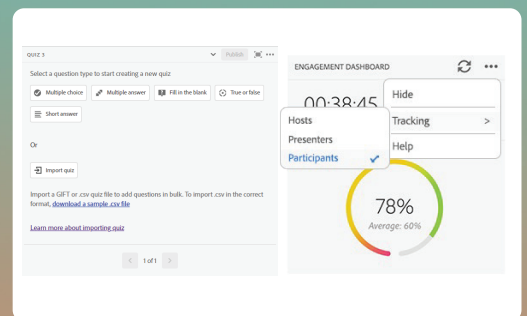

Backstage gets more power

Broadcast control allows Presenters to collaborate discreetly until they are ready to take the session live and synchronize audio with the main stage.

Engagement gets a boost

Quiz Pod gets bulk import/export & Short answer questions. A new Short answer question type is now added to Quiz pod. Engagement dashboard now has tracking options

Breakouts get better

Participants can now join breakout rooms using both VOIP and phone lines for audio. Hosts can enable closed captions for the main room a nd breakout rooms.

*Universal voice in breakouts is currently supported only for select telephony providers.

Our journey so far

Summer 2023 release

Contextual guidance

Easy adoption of powerful capabilities.

Upgraded webinar templates

Modern, responsive, and customizable templates for stunning event pages & emails.

Breakouts self-select

An option for participants to choose their preferred break-out rooms.

All-new Quiz pod

Effortless Quiz creation, assessments & gamification without any third-party redirects.

Virtual Backgrounds

Preferred backgrounds for reduced distraction.

Automated Closed Captions

Now available natively without third party or manual services.

Spring 2023 release

Next-generation audio-video

Full HD video (1080p) and high-definition audio with automatic noise cancellation & echo reduction.

Video enhancements

Up to 50 video feeds with new Single Speaker and Spotlight Speaker modes.

Usability improvements

Easy Mic, speaker and camera tools. Simplified login and exit experience.
