

Creating an Item Renderer

Create an item renderer component

1. In the Flex Builder **Navigator** view, right click on the **components** folder and select **New > MXML Component**.
2. The **Filename** is RoomRenderer .
3. It is **Based on** Canvas .
4. The **width** is 100% and the **height** is 100% .
5. Click **Finish**.
6. Change to **Flex Design** view.
7. From the **Components** view drag an Image control to the stage.
8. In the **Flex Properties** view enter these values:
 - **Source** = assets\conference.jpg
 - **Width** = 156
 - **Height** = 100
 - **x** = 10
 - **y** = 37
9. Drag a Label control to the stage. Enter these values:
 - **Text** = {data.name}
 - Click the **B** button in the **Text** area
 - Select 11 from the combo box in the **Text** area
 - **x** = 10
 - **y** = 10
10. Drag a Text control to the stage. Enter these values:
 - **Text** = Capacity: {data.capacity}
 - **x** = 174
 - **y** = 37
11. Drag a Text control to the stage. Enter these values:
 - **Text** = Room Size: {data.roomsize}
 - **x** = 174
 - **y** = 54
12. Drag a Text control to the stage. Enter these values:
 - **Text** = Max Round Tables: {data.maxroundtables}
 - **x** = 10

- **y** = 207
13. Drag a **Text control to the stage**. Enter these values:
- **Text** = Max Rectangle Tables: {data.maxsquaretables}
 - **x** = 10
 - **y** = 222
14. Drag a **Text control to the stage**. Enter these values:
- **Text** = Windows: {data.windows}
 - **x** = 10
 - **y** = 191
15. Drag a **Text control to the stage**. Enter these values:
- **Text** = Wheelchair Accessible: {data.wheelchair_accessible}
 - **x** = 10
 - **y** = 176
16. Drag a **Text control to the stage**. Enter these values:
- **Text** = Event Types:
 - **x** = 10
 - **y** = 145
17. Drag a **Text control to the stage**. Enter these values:
- **Text** = {createlist(data.eventtypes.event)}
 - **x** = 10
 - **y** = 162

18. Return to the **Source** view.

Your code should look like this:

```
<mx:Image source="assets\conference.jpg" width="156"
  y="37" x="10" height="100"/>
<mx:Label text="{data.name}" fontWeight="bold"
  fontSize="11" x="10" y="10"/>
<mx:Text text="Capacity: {data.capacity}"
  x="174" y="37"/>
<mx:Text x="174" y="54" text="Room Size: {data.roomsize}"/>
<mx:Text x="10" y="207"
  text="Max Round Tables: {data.maxroundtables}" />
<mx:Text x="10" y="222"
  text="Max Rectangle Tables: {data.maxsquaretables}"/>
<mx:Text x="10" y="191"
  text="Windows: {data.windows}"/>
<mx:Text x="10" y="176"
```

```
        text="Wheelchair Accessible:
{data.wheelchair_accessible}"/>
<mx:Text x="10" y="145" text="Event Types:"/>
<mx:Text x="10" y="162"
        text="{createlist(data.eventtypes.event)}"/>
```

19. After the beginning **Canvas** tag, add a **Script block**.
20. Within the **Script** block, import the **ArrayCollection** class.

```
import mx.collections.ArrayCollection;
```

21. Create a private variable named **eventList** **datatyped** as **String**.

```
private var eventList:String;
```

22. Create a private function named **createlist** that takes one parameter named **edata** **datatyped** as **ArrayCollection**. The function returns a **String**.

```
private function createlist(edata:ArrayCollection):String{
}
```

23. Within the function create a locale variable named **a** **datatyped** as **Array**. Assign the **edata.source** to the variable.

```
var a:Array = edata.source;
```

24. After this variable, use the **toString()** method of the **a Array** and assign it to the **eventList** variable.

```
eventList = a.toString();
```

25. Return the **eventList**.

```
return eventList;
```

26. Save the file.

Use the item renderer in List control

27. Open **AdobeODT.mxml** and locate the **List** control.
28. Add an `itemRenderer` property having a value of `components.RoomRenderer`.
29. Change the `width` property value to 385 and add a `height` property having a value of 501.

```
<mx:List id="dg"
        x="10" y="143"
        width="385" height="501"
        dataProvider="{roomList}"
        itemRenderer="components.RoomRenderer" />
```

30. Save the file and run.

Your application should appear as follows:

XYZ Convention Center

111 49th Ave, Denver, CO 80634 Phone: 303-555-1212 Fax: 303-555-1234
