

New feature comparison: Adobe® Photoshop® CS5 and Adobe Photoshop CS5 Extended

Two editions of Photoshop. Infinite creative possibilities.

Adobe Photoshop CS5 software redefines the image-editing experience with a strong focus on photography, breakthrough painting and selection capabilities, and a wide range of workflow and performance enhancements. Adobe Photoshop CS5 Extended software delivers everything in Photoshop CS5 as well as powerful features that let you create and edit 3D imagery and motion-based content.

Two editions of Photoshop CS5

Photoshop CS5 Extended delivers everything in Photoshop CS5 plus tools for creating and editing 3D and motion-based imagery.

Adobe Photoshop CS5 Extended is also available as a component of these Adobe Creative Suite® 5 editions:

- Design Premium
- Production Premium
- Web Premium
- Master Collection

Adobe Photoshop CS5 is also available as a component of Adobe Creative Suite 5 Design Standard.
