

## **Flash® Media® Live Encoder 3**

Device Compatibility Matrix - 10/28/2009

These are the devices that Adobe has specifically tested, but Flash Media Live Encoder 3 is designed to work with any Microsoft DirectShow compliant device or driver.

Please note that this is not a comprehensive list of compatible devices, but one of devices that have been tested in-house. Refer to the Flash Media Live Encoder forum for more compatibility info from the Flash Media Live Encoder community: [http://www.adobe.com/go/fmle\\_forum](http://www.adobe.com/go/fmle_forum)
