Benefits of Adobe School Site Licenses

Affordable solutions

Buy the latest industry-standard tools at prices to match your school and district budgets. Value-priced school site licenses ensure schools can easily and affordably adopt these tools for their curricula.

Essential, industry-standard tools

Adobe Creative Suite 4 software puts the same tools top professionals use into classrooms at the best possible price, giving students the skills to compete and succeed in secondary education as well as the global workforce.

Free curriculum sets

Adobe provides project-based curriculum guides developed specifically for teaching valuable career skills in design and print production, web design and development, and video design and production using Adobe Creative Suite 4 software. The projects, which together can provide enough content for a full-year course, have the International Society for Technology in Education (ISTE) National Educational Technology Standards (NETS) Seal of Alignment.

Adobe Creative Suite 4 School Site License details

All Adobe Creative Suite 4 School Site Licenses include software licenses for installation on up to 500 computers. When purchasing School Site Licenses, customers also need to purchase one media kit DVD.

Upgrade Plan

Easily keep your school or district current with Adobe software. No matter which licensing option you choose, an Upgrade Plan makes it better. You are ensured access to all Adobe upgrades for your covered products during the life of your Upgrade Plan. During the first six months of your CLP membership, you may also order an Upgrade Plan for previously acquired, current-version Adobe software licenses (as long as Adobe has not announced a new version), bringing all your installations into a unified technology management program.

Adobe certification programs

Educators can earn added credentials and students can open new opportunities by becoming certified for entry-level and professional-level skills using Adobe Creative Suite 4 software.

Support for the latest Mac and Windows systems

Experience the ultimate in performance when running Adobe Creative Suite 4 software tools natively on Intel® based Macs and Microsoft® Windows Vista® systems. Adobe Creative Suite 4 software works on PowerPC® based Macs and Windows XP systems, as well.

Rich, full-featured toolsets

Each Adobe Creative Suite 4 edition provides the most extensive and integrated collection of tools and features available, offering educators more ways than ever to engage students in learning.
