

Adobe Acrobat 7.0 Professional

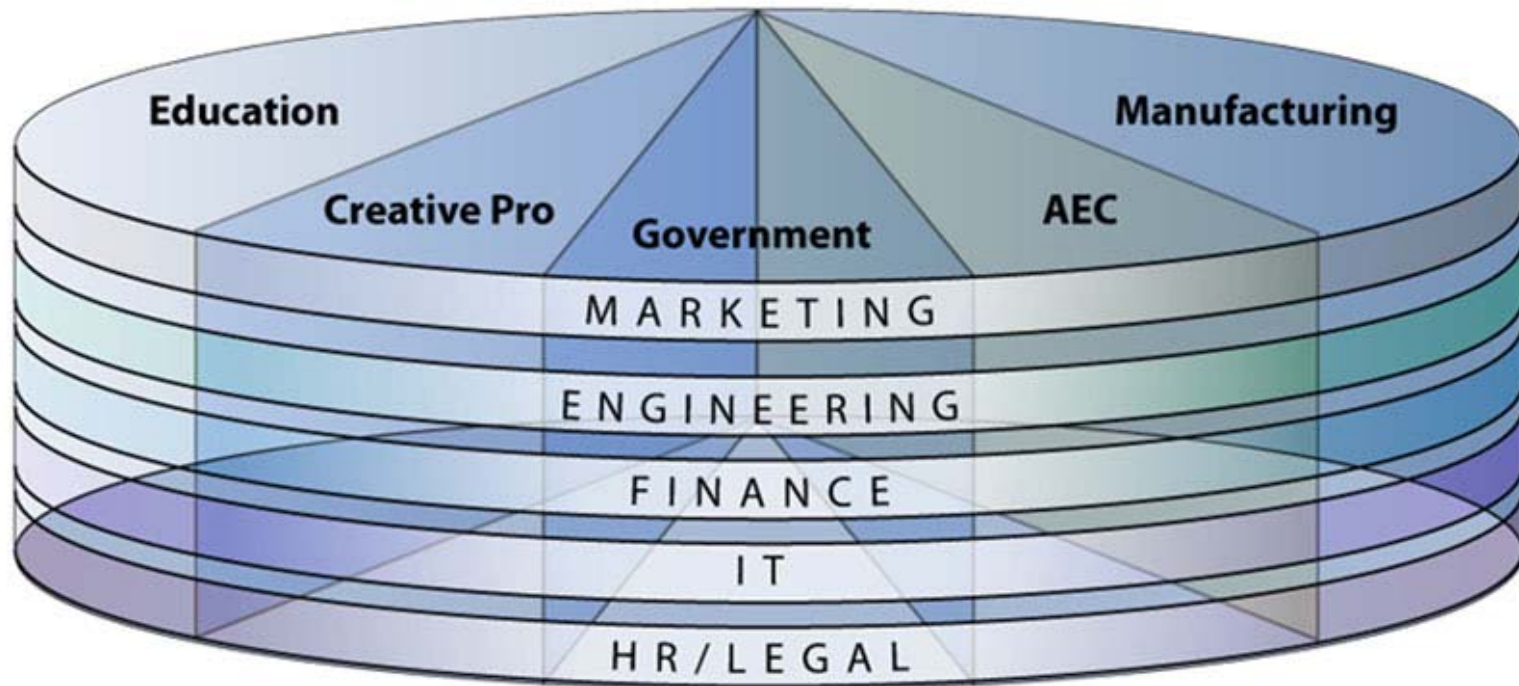

**The complete solution for
document collaboration and
PDF print production.**

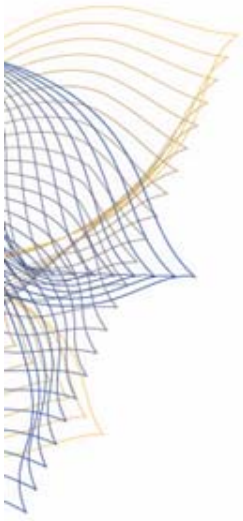

Extending Acrobat in the Enterprise

Industry and Occupational Targets

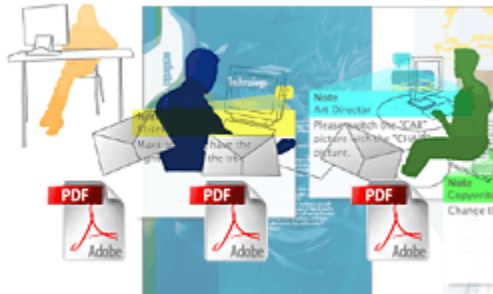

Adobe PDF

- **Proven lineage—10+ years**
- **Adopted by Fortune Global 1000 enterprises**
- **Beyond de facto as a trusted document standard:**
 - PDF/E: For engineering documentation
 - PDF/A: For long-term preservation of electronic documents
 - PDF/X: For reliable delivery of press-ready, high-end color advertisements
- **Mandated by worldwide governments, standards bodies, and international organizations**
- **Standard specification for digital documents accepted by NARA**

Acrobat 7.0 Professional PDF files used for.....

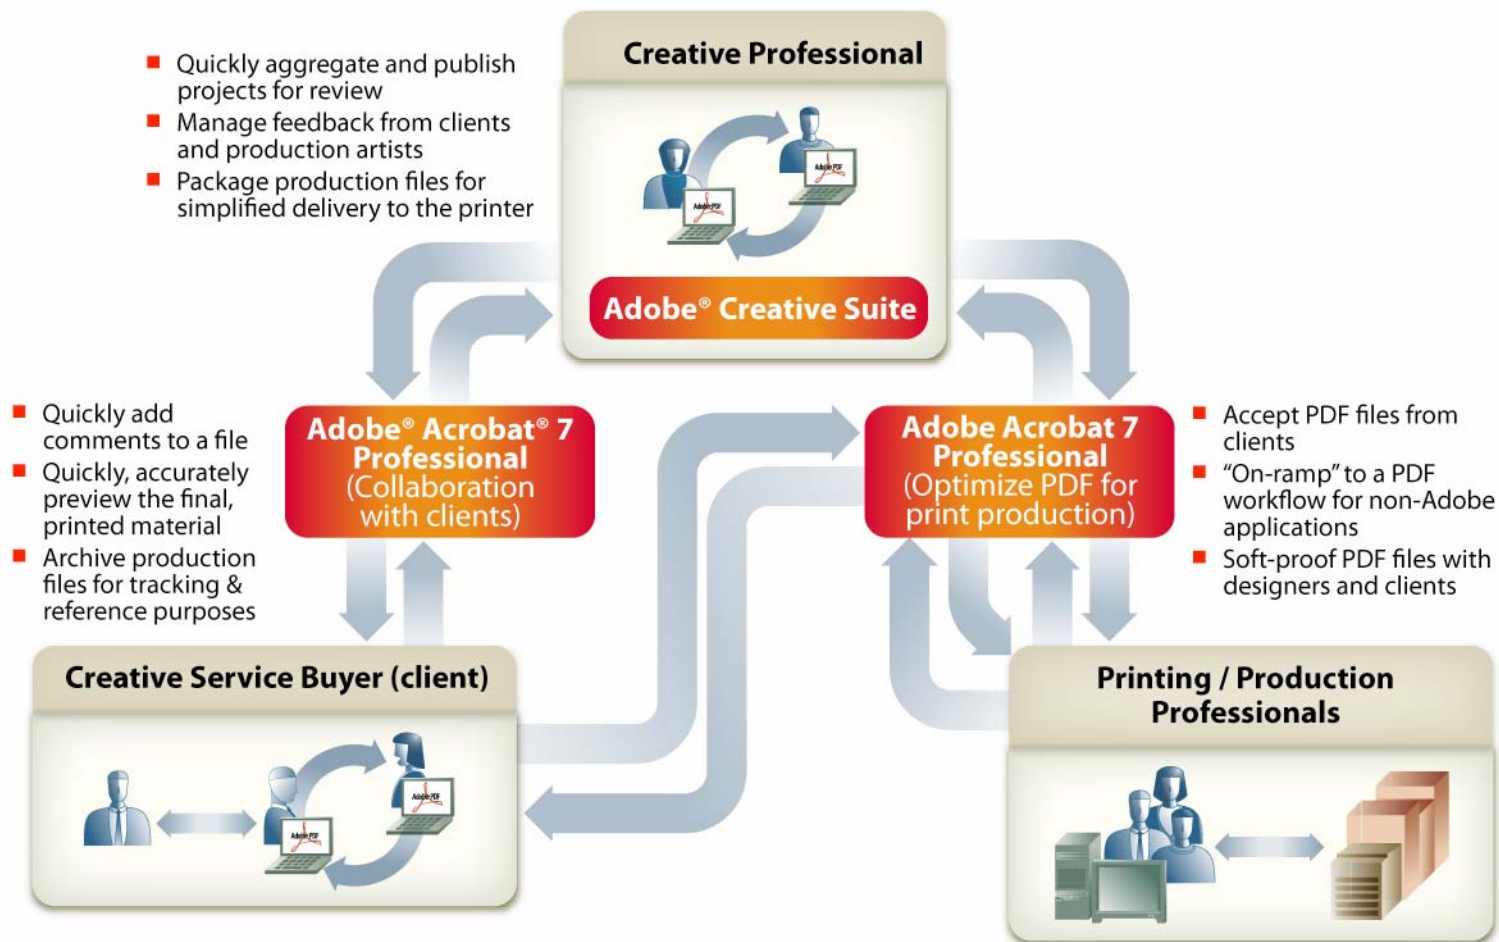

.... successful exchange and
electronic review

.... reliable and predictable
productions

.... result in better efficiency and shorter cycles

Customer Use Case *Creative Professional*

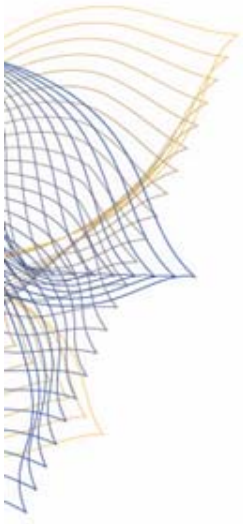

Creative Professionals

■ Key Challenges
