

Adobe Trademark Database for General Distribution

As of **October 17, 2018**

Please refer to the Permissions and trademark guidelines on our company web site at <http://www.adobe.com/misc/agreement.html> and to the publication Adobe Trademark Guidelines for third parties who license, use or refer to Adobe trademarks for specific information on proper trademark usage. The latter Guidelines and a copy of this database (and future updates) are also available from our company web site at:

<http://www.adobe.com/misc/trademarks.html>.

The database shows the proper marking for first use of the mark in a publication. The marking shown for compound word trademarks is for the first use of both components, e.g. Adobe® Premiere®. Once marked, subsequent references to word marks do not require repeated marking, but trademark symbols must always be used with logos and logotypes (stylized word marks). For specific Adobe logos or product signatures, please contact your Adobe representative for a copy of our Guidelines publication and camera-ready master art or an electronic file for reproduction of the logo or signature. Please keep in mind that you must sign or otherwise indicate your agreement to the terms of a trademark license agreement with Adobe before using one of our logos or product signatures.

Please note that the basic formula for attribution is:

[“Adobe” and “the Adobe logo” first, if used, followed by other Adobe marks used in alphabetical order] are either registered trademarks or trademarks of Adobe in the United States and/or other countries.

This list is not a comprehensive list of all Adobe trademarks. The absence of a product name, logo or slogan from this list does not constitute a waiver of Adobe’s trademark or other intellectual property rights concerning that product name, logo or slogan.

If you have any questions or need additional information for a specific region or country, please contact the Adobe Legal department at the following address:
