Equity Compensation

New Director Restricted Stock Unit Award

A restricted stock unit award automatically will be granted to each new Director on the date that the new Director is appointed to the Board, or on the following business day if that date falls on a weekend or holiday, based on the following conditions:

- The award will be based upon a maximum target grant value of \$315,000
- The actual target grant value will be calculating by pro-rating the \$315,000 maximum target grant value based on the number of calendar days remaining before (1) the next Annual Meeting of Shareholders, if scheduled, or (2) the date of the first anniversary of our last Annual Meeting of Shareholders, if the next Annual Meeting of Shareholders is not yet scheduled
- The actual target grant value (as calculated directly above) shall be converted into the number of shares of Adobe common stock underlying the award based on the average closing stock price over the 30 calendar days ending on the day before the date of grant (rounded down to the next whole share)
- The award will vest 100% on the day of our next Annual Meeting of Stockholders, subject to the Director's continued service on such date (except as provided below)
- If the pro-rated actual target grant value of the award is less than \$10,000, no equity grant shall be made to the new Director
