This package is an SSL implementation written by Eric Young (ey@cryptsoft.com).

The implementation was written so as to conform with Netscapes SSL.

This library is free for commercial and non-commercial use as long as the following conditions are adhered to.

The following conditions apply to all code found in this distribution, be it the RC4, RSA, lhash, DES, etc., code; not just the SSL code. The SSL documentation included with this distribution is covered by the same copyright terms except that the holder is Tim Hudson (tjh@cryptsoft.com).

Copyright remains Eric Young's, and as such any Copyright notices in the code are not to be removed.

If this package is used in a product, Eric Young should be given attribution as the author of the parts of the library used.

This can be in the form of a textual message at program startup or in documentation (online or textual) provided with the package.

Redistribution and use in source and binary forms, with or without modification, are permitted provided that the following conditions are met:

1. Redistributions of source code must retain the copyright notice, this list of conditions and the following disclaimer.

Catenary Systems Inc.

1. The Victor Image Processing Library is copyrighted material. This includes the source code, object code, dlls, examples, and documentation. This material is protected by United States copyright law as well as international copyright treaty provisions.
2. The Victor Library Enterprise license is for use by the named company or organization named on the sales invoice for the Enterprise License. Catenary Systems Inc, grants to you the right to use unlimited copies of the enclosed software on any computer worldwide within the named company/organization. You may also make copies of the software for backup purposes.
3. You may modify the source code to the library and examples as part of your use of the product. However, under copyright law, the modified source code remains the copyrighted property of Catenary Systems and you may not distribute it.
4. Catenary Systems Inc, grants to you the nonexclusive royalty-free right to reproduce and distribute the dynamic link library portions of the software as a part of your Microsoft Windows desktop or server application subject to the following:
 1. You must assume full and complete responsibility and liability for the use of this product in your programs.
 2. Your software must be an executable application, not merely a set or subset of the functions or code included in this package.
 3. You must take reasonable precautions to prevent end users from directly accessing the functions in the library. A suggested method is to rename the dll to correspond to your product.
 4. You must include a valid copyright notice with your product.
 5. You are responsible for the operation of your applications, including testing of all included object code to ensure that it functions as documented, as expected, and as required.

You are entitled to these rights only as long as your possession of the product shall be lawful. These rights will cease if you return the product under the terms of any warranty or

money-back guarantee.

Victor Image Processing Library
Limited Warranty

Catenary Systems believes that the software will perform substantially in accordance with the documentation.

If the software does not perform as documented, we will attempt to correct and replace it within a reasonable period of time after receipt of written notification describing the problem.

Catenary Systems specifically disclaims all warranties, including, without limitation, all implied warranties of merchantability, fitness for a particular purpose, and non-infringement of third party rights. It is your responsibility to determine the fitness of the product for any particular purpose.

Under no circumstances will Catenary Systems be liable for special, incidental, consequential, indirect, or any other damages or claims arising from the use of this product, including loss of profits or any other commercial damages, even if Catenary Systems has been advised of the possibility of such damages. In no event will Catenary Systems be liable for any claims, liability, or damages arising from changes made by you to the source code, object code, or examples included.

Microsoft Limited Public License

This license governs use of code marked as “sample” or “example” available on this web site without a license agreement, as provided under the section above titled “NOTICE SPECIFIC TO SOFTWARE AVAILABLE ON THIS WEB SITE.” If you use such code (the “software”), you accept this license. If you do not accept the license, do not use the software.

1. Definitions

The terms “reproduce,” “reproduction,” “derivative works,” and “distribution” have the same meaning here as under U.S. copyright law.

A “contribution” is the original software, or any additions or changes to the software.

A “contributor” is any person that distributes its contribution under this license.

“Licensed patents” are a contributor’s patent claims that read directly on its contribution.

2. Grant of Rights

(A) Copyright Grant - Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free copyright license to reproduce its contribution, prepare derivative works of its contribution, and distribute its contribution or any derivative works that you create.

(B) Patent Grant - Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free license under its licensed patents to make, have made, use, sell, offer for sale, import, and/or otherwise dispose of its contribution in the software or derivative works of the contribution in the software.

3. Conditions and Limitations

(A) No Trademark License- This license does not grant you rights to use any contributors’ name, logo, or trademarks.

(B) If you bring a patent claim against any contributor over patents that you claim are infringed by the software, your patent license from such contributor to the software ends automatically.

(C) If you distribute any portion of the software, you must retain all copyright, patent, trademark, and attribution notices that are present in the software.

(D) If you distribute any portion of the software in source code form, you may do so only under this license by including a complete copy of this license with your distribution. If you distribute any portion of the software in compiled or object code form, you may only do so under a license that complies with this license.

(E) The software is licensed “as-is.” You bear the risk of using it. The contributors give no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this license cannot change. To the extent permitted under your local laws, the contributors exclude the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

(F) Platform Limitation - The licenses granted in sections 2(A) and 2(B) extend only to the software or derivative works that you create that run on a Microsoft Windows operating system product.
