Fraunhofer and Thomson Licensing

Can include notice under User Guide here too, especially if the user guide is not an option. The User Guide is preferred for the user documentation notice requirement.

Fraunhofer Gesellschaft and Thomson Consumer electronics credit FhG as licensor in associated documentation

"MPEG Layer-3 audio compression technology licensed by Fraunhofer IIS and THOMSON multimedia.." also need to include URL (<http://www.iis.fhg.de/amm/>), and the attribution notice listed above, in at least one about box. DO NOT HAVE TO DO THIS for Players, but need to put in associated documentation

Calling this script install-sh is preferred over install.sh, to prevent

# This script is compatible with the BSD install script, but was written

This source code was modified by Martin Hedenfalk <mhe@stacken.kth.se> for use in Curl. His latest changes were done 2000-09-18.

It has since been patched away like a madman by Daniel Stenberg <daniel@haxx.se> to make it better applied to curl conditions, and to make it not use globals, pollute name space and more. This source code awaits a rewrite to work around the paragraph 2 in the BSD licenses as explained below.

This formulation of W3C's notice and license became active on December 31 2002. This version removes the copyright ownership notice such that this license can be used with materials other than those owned by the W3C, reflects that ERCIM is now a host of the W3C, includes references to this specific dated

version of the license, and removes the ambiguous grant of "use". Otherwise, this version is the same as the previous version and is written so as to preserve the Free Software Foundation's assessment of GPL compatibility and OSI's certification under the Open Source Definition. Please see our Copyright FAQ for common questions about using materials from our site, including specific terms and conditions for packages like libwww, Amaya, and Jigsaw. Other questions about this notice can be directed to site-policy@w3.org.
