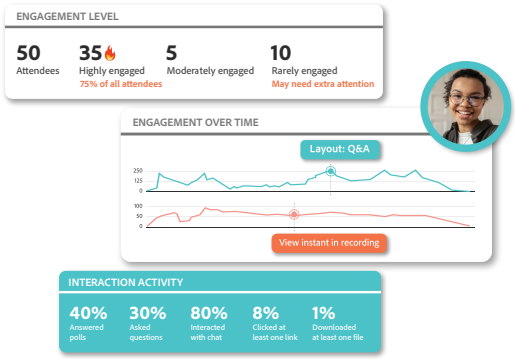
Adobe Connect

2024 Fall release is here!

Adding more power to the real virtual.

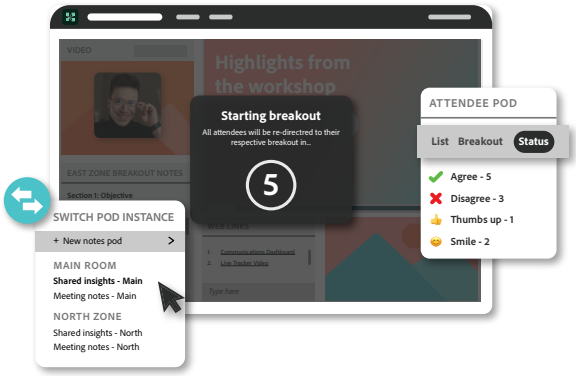


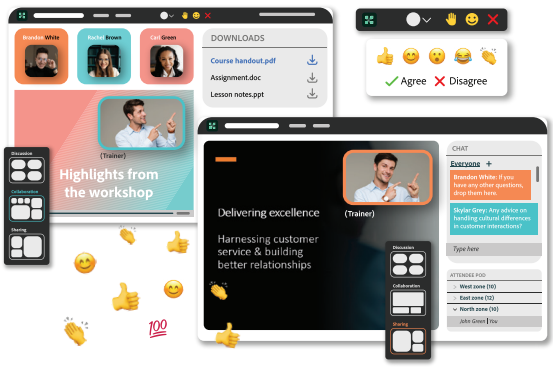
New Engagement Analytics Dashboard

- **Identify learners needing extra attention:** Leverage advanced engagement insights to personalize training program based on high, moderate and low engagement levels of learners.
- **Improve training effectiveness:** Get analytics driven feedback on content and layouts to optimize engagement in future sessions.

Improved Breakouts

- **Simplify Breakout experience:** Breakout start and end notifications, new list view, breakout view and status view right inside the attendee pod for easier navigability and discovery.
- **Switch pods:** Easily switch different instances of any pod between layouts or breakouts.





More ways to engage

- **Maximize your virtual presence:** New overlay video pods that stay persistent across layouts adding flexibility and visibility for presenters and interpreters.
- **Bring your audience together:** More expressive reactions and improved hand raise capability.
- **Swap with edited recordings:** Swap your session recordings with externally edited videos for on-demand consumption.
