All-new Quiz Pods

Stunning Backgrounds and Templates

Automated Closed Captions

Adobe Connect powers transformative virtual experiences that supercharge employee excellence and sales acceleration goals through exceptional virtual trainings and webinars. Adobe Connect powers unprecedented virtual engagement with its distinctive experience design capability, and unlocks extraordinary efficiency and scalability for presenters with its persistent reusability.

Enhanced Experience Design

All-new Quiz Pod

Ignite engagement with gamification

Encourage active participation, reinforce knowledge, and measure progress with the all-new Quiz Pod. Effortlessly add fun and challenge to every virtual session, without any 3rd party app redirects.

Real-time Insights

Get powerful reports and dashboards

Automate assessments and obtain leaderboards with a proctoring dashboard during the live session, along with post-session reports. The quiz results can seamlessly integrate with your LMS.

Professional Event Templates

Polished templates for professional edge

Customize your sessions based on your audience, organization, course, or topic with our stunning, responsive, and out-of-the-box templates for the Event Catalogue, Landing Pages, and Invitation Emails

Richer Personalization and Accessibility

Stunning Virtual Backgrounds

Own your virtual presence

Bring your style, brand, and most professional presence to the live video. Use your preferred background for an engaging virtual environment with less distraction, greater focus, and a personalized experience.

Automated Closed Captions

Unlock inclusive communication

Ensure an inclusive and accessible experience for all participants with automatic, real-time audio transcription and translation, now available natively, without needing any third-party or manual service.

Break-out Room Self-select

Give the power of choice

Empower participants with the freedom to self-select their preferred breakout room, enabling a self-directed and personalized virtual experience.

Improved Usability

Guided On-boarding

Complexity to simplicity

Whether you're a new user or an experienced pro, the new contextual help ensures an effortless ramp to adoption of Connect's powerful capabilities. Let the coach marks and video tutorials help you master the platform.

Re-imagined Interface

Efficiency amplified with all-in-one dashboard

Stay organized with re-imagined, new homepage dashboard. Get instant access to all your training and events, view your calendar at a glance, and efficiently manage upcoming and past events.

Powerful In-built Editor

Elevate your editing experience

Experience enhanced editing control and precision with the improved Recording Editor in-app or in-browser. Omit audio and video segments using intuitive preview thumbnails, easily navigate through edit markers and seek bar for precise edits.
