

## Manage PDFs in Microsoft Teams with Adobe Acrobat.

Switching between apps slows you down. Stay in the flow with Adobe Acrobat for Microsoft Teams.

- Edit and review PDFs directly in Teams.
- Collaborate and share by commenting and annotating in Teams.
- **Get notification of comments** made to PDFs directly in Teams.
- Access PDFs stored in Microsoft SharePoint and OneDrive in Teams.

Adobe Acrobat for Teams can now be the way your organization reads and works with PDFs in Teams. Ask your Teams admin to enable Acrobat so you can access free features such as adding comments, including sticky notes, highlights, and drawings. Additionally, by signing in to your Acrobat Standard or Acrobat Pro account, you can now edit, combine, protect, export, organize, and protect PDFs in Teams.
