CEO - LEIGH FOWLER

Every year we go from strength to strength as we strive to become a global leading company that provides the best value to our customers.

My dream for Gordon Associates started 10 years ago and it has surpassed my expectations. It would not be the company it is today without the hard work and perseverance of its employees.

With the growing need of customer service in a digital age, I'd say we are in the right space to make a difference and maintain our position within the industry.
