

## Business Value of AEM Managed Services

**Quote:** "With AEM Managed Services we are able to focus on creating digital experiences and not worry about operating AEM. Not having to manage AEM means we can work on what we need to do"

## Operational Benefits

**Quote:** "Adobe Managed Services monitors our systems for us. That's what allows me to sleep at night. If there's an issue or if they see a problem, they are able to address it in a way that doesn't affect the end user. Performance and availability has improved because we have no down time. The performance of our apps is better too"

## Business Agility Benefits

**\$1.35M**  
Annual IT staff productivity gains per organization

**6%**  
More content publisher efficiency

**5%**  
More efficient application development teams

**Quote:** "With AEM Managed Services, I can upgrade in a more timely manner. We probably save about three months with each upgrade. There is greater productivity for end-users because of this. There's a revenue impact because we work on lead generation. So being able to improve the functionality on our website with the newest technology ultimately results in more leads"
