

BROWSER INTEGRATION QUICK KEY

Preferences reside in **HKCU\Software\Adobe\<product name>\<version>**

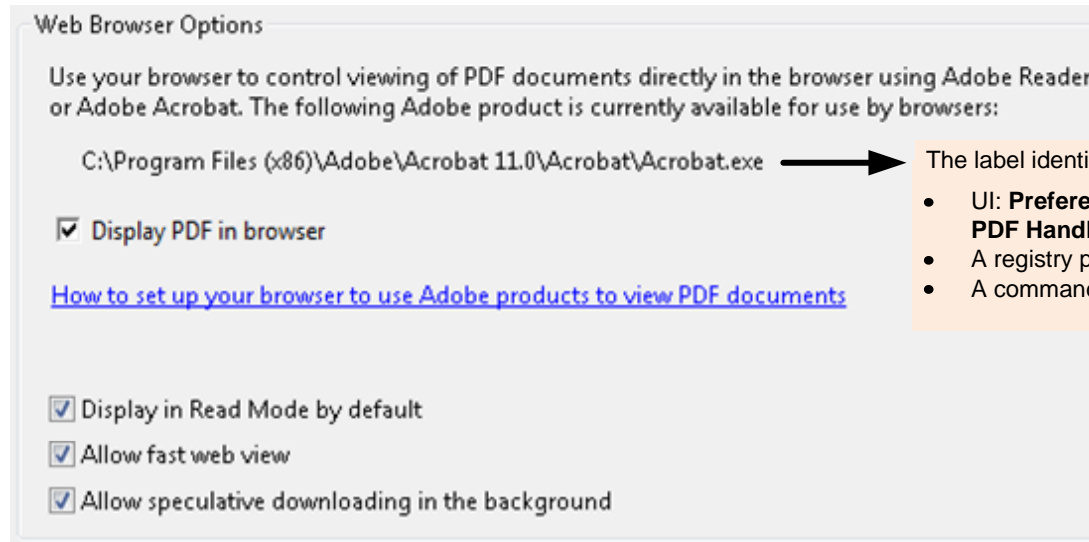

Deprecated with 11.0: **Originals\BrowserIntegration**

New with 11.0

AVGeneral\BrowserDisplayInReadMode

Originals\AllowByteRangeRequests

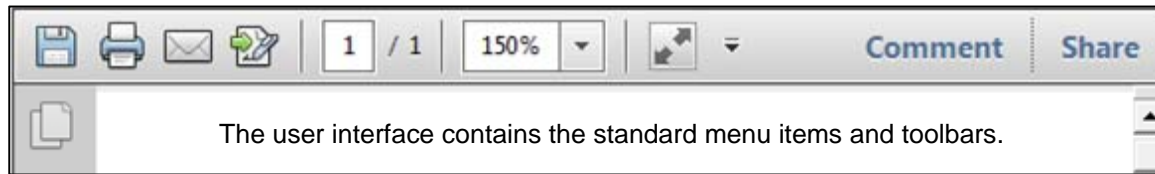

Originals\DownloadEntireFile

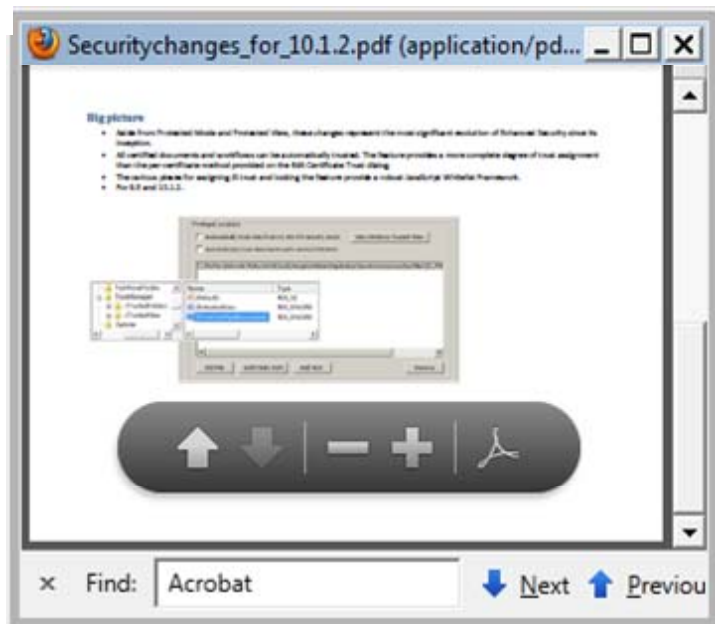

The label identifies the default PDF viewer set by:

- UI: **Preferences > General > Select Default PDF Handler**
- A registry preference.
- A command line property (see the Admin Guide)

Read Mode OFF

Read Mode ON

Standard bar

Navigator for Flash

Embedded PDF

Images in a Portfolio

Read Mode optimizes the screen for the reading and presentation of PDFs. Menus and panels disappear and a semi-transparent floating toolbar appears for navigation when the cursor enters the small activation area around the Read Mode menu bar. The bar fades after three seconds of inactivity.
